## LEGISLATIVE PROVISIONS

**Section 121 of the Local Government: Municipal Finance Management Act 56 of 2003 (MFMA) read with circular 63 of the MFMA Act No 56 of 2003 of the stipulates that “**

Every municipality and every municipality entity must for each financial year prepare an annual report in accordance with this Chapter. The council of a municipality must within nine months after the end of a financial year deal with the annual report of the municipality and of any municipal entity under the municipality's sole or shared control in accordance with section 129.

The purpose of an annual report is-

- To provide a record of activities of the municipality or municipal entity during the financial year to which the report relates;
- To provide a report on performance against the budget of the municipality or municipal entity for that financial year; and
- To promote accountability to the local community for the decision made throughout the year by the municipality or municipality entity

The annual report of the municipality must include-

- The annual financial statements of the municipality, and in addition, if section 122 (2) applies, consolidated annual financial statements, as submitted to the Auditor General for audit in terms of section 126 (1);
- The Auditor General report in terms of section 126 (3) on those financial statements.
- The annual performance report of the municipality prepared by the municipality in terms of section 46 of the Municipal System Act;
- The Auditor General's audit report in terms of section 45 (b) of the Municipal Systems Act.
- An assessment by the municipality 's accounting officer of any arrears on municipal taxes and service charges;
- An assessment by the municipality's accounting officer of the municipality's performance against the measurable performance objectives referred to in section 17 (3) (b) for revenue collection from each revenue sources and for each vote in the municipality's approved budget for the relevant financial year;
- Particulars of any corrective action taken or to be taken in response to the issues raised in the audit reports referred to in paragraphs (b) and (d)

- Any explanation that maybe necessary to clarify issues that in connection with the financial statements;
- Any information as determined by the municipality;
- Any recommendations of the municipality's audit committee; and
- Any other information as may be prescribed.
- To provide a report on performance against the budget of the municipality or municipal entity for that financial year; and
- To promote accountability to the local community for the decision made throughout the year by the municipality or municipality entity

## CHAPTER 1. MAYOR'S FOREWORD AND EXECUTIVE SUMMARY

### BACKGROUND

The Abaqulusi Municipality's Annual Report has been developed according to the provisions of Section 121 of the Municipal Finance Management Act (MFMA), 56 of 2003 and Section 46 of the Local Government: Municipal Systems Act (MSA), 32 of 2000. According to the National Treasury guidelines for the preparation of the Annual Report, the report should comprise of a number of chapters to reflect the key activities undertaken within the organisation during the year under review.

In presenting this report for the financial year ended 30 June 2020 the municipality acknowledge progress made during the 2019/20 financial year and the challenges that lie ahead. A detailed account of all the challenges and remedial actions going forward have been provided within this report

## MAYOR'S FOREWORD

I wish to humbly present the Annual Report of Abaqulusi Municipality which seeks to provide a record of activities during the year 2019/20 in terms of section 121 of the Local Government Municipal Finance Management Act 56 of 2003.

The report typically deals with the Municipality's achievements in the year under review and, in so doing hopefully assists in identifying our successes, failures, and challenges. This report is therefore intended to attest to the combined efforts of the administrative and political leadership of the Municipality to gradually address fair and realistic expectations of our residents.

Whilst varied challenges still confront our country and the whole world and the Municipality through the current pandemic COVID 19, which has not only affected infrastructures development but has socially devastated our communities at large, we will continue to make strides in delivering on the main objectives of the Municipality.

### **Vision**

The municipality is guided by its long-term vision and commits to it on annual basis and will continue to be a progressive, prosperous and sustainable economic hub of Zululand. To fulfil its vision, the SDBIP serves the annual implementation of the objectives outlined in the IDP.

### **Good Governance**

The municipality had all its political governance structures in place during the year i.e. Council, Executive Committee and portfolio committees in terms section 79 of the Local Government Municipal Structures Act and each Portfolio committees undertook their responsibility in line with the national key performance areas.

### **Administrative Capacity**

The municipality relies on the management to implement its strategic plan (IDP) through (Service Delivery and Budget Implementation Plan (SDBIP).

During the year under review the municipality did not have full capacity on senior management, two positions for Director Technical Services and Director Community Services were vacant. This has therefore impacted negatively on service delivery

## **Public Participation**

AbaQulusi Municipality consider public participation as important and engaged the communities at ward level to identify needs and priorities of our people.

The IDP Roadshows are normally used as platforms for this purpose and the municipality could not undertake as planned in 2019/20 period however attempts were made through ward committee participation in the municipal affairs and we shall continue in the 2020/21 to enhance public participation.

Our councillors had been in constant consultation with communities to improve transparency and accountability on municipal affairs.

The political and administrative capacity in existence commits to a positive outcome in the future audit for 2020/21

I wish to express my sincere gratitude to councillors, officials and residents of AbaQulusi for their dedication, support and cooperation to improve service delivery within our area.

---

**CLLR. MC MAPHISA  
ACTING MAYOR**

## MUNICIPAL MANAGER'S OVERVIEW

The Annual Report is culmination of the council's five-year Integrated Development Plan (IDP). The IDP was adopted in 2017 and is reviewed annually. Guided by section 121 of the Local Government Municipal Finance Management Act 56 of 2003, AbaQulusi municipality proudly present its annual report which is a reflection of the past year record of activities of the municipality, performance against the budget of the municipality and promoting accountability to the local community for the decision made throughout the year by the municipality

The municipality has ensured alignment of services through Reviewed IDP 2019/20 and Service Delivery and Budget implementation (SDBIP) which is our tool to ensure that priorities of AbaQulusi are met as set out in the IDP

Year 2019/20 was a difficult year for AbaQulusi in municipal performance as most the targets set on each Key Performance Area regressed due to the fact that the municipality did not have full capacity on Senior Management team. To improve service delivery the management will work tirelessly irrespective of the existing challenges.

The performance on each Key Performance

Area is articulated broadly in the attached performance report where achievements on the set targets have been indicated with corrective measures on areas needing attention.

Service Delivery in both urban and rural areas was a priority in the year under review with focus on the following:

- road construction and infrastructure maintenance, to expand accessibility in various wards, road construction and causeway was undertaken during 2019/20 in ward 1, 12, 19, 20
- Maintenance existing network electricity in urban and rural areas
- Expansion of electrical accessibility in ward 2, 3 and ward 4
- Expand accessibility and maintenance of Community Halls in various ward
- Early Childhood Development was enhanced with construction of crèches in ward in ward 13
- Basic level of refuse removal, water and sanitation
- Emergency Interventions related to curbing the spread of COVID 19
- Provision of water and sanitation facilities to informal settlements

It is also important to note that in spite of the existing challenges the municipality has worked tirelessly for the pending audit outcome

I wish to convey my appreciation for the support to the staff whom without not much could be achieved, also the word of appreciation goes to the management team, honourable Councillors for always providing the strategic direction needed in achieving our vision, AbaQulusi will not be the same with efforts and commitment from all stakeholders in development of our area.

---

**BE NTANZI**  
**MUNICIPAL MANAGER**

## CHAPTER 1: EXECUTIVE SUMMARY

This report addresses the performance of the AbaQulusi for the period 01 July 2019 to 30 June 2020 in respect of its core legislative obligations. Local government must create the participatory framework that defines and enhances the relationship between elected leaders and their communities. This requires that the council of the municipality provides regular and predictable reporting on programme performance and the general state of affairs in their locality.

### Vision and Mission

#### VISION

**To be the progressive, prosperous and sustainable economic hub of Zululand by 2035**

#### MISSION

It is envisaged that the municipal vision will be achieved by:

**By creating a conducive environment focused on Agricultural, Industrial and Tourism Development in order to attract Investment and Provision of Basic Service Delivery**

## 1.1 MUNICIPAL OVERVIEW

The AbaQulusi Local Municipality is located in the Northern part of KwaZulu-Natal Province and forms part of the Zululand District Municipality. It is named after the AbaQulusi, a Zulu clan whose descendants live in the vicinities of Vryheid, Utrecht, eDumbe and eNgoje.

AbaQulusi Municipality comprises of many settlements, both rural and urban, with Vryheid being its main urban settlement/town. Other areas of interest that fall within the boundaries of AbaQulusi also include Louwsburg, eMondlo, Hlobane, Corronation and Bhekuzulu. The municipality is split into 22 Wards and its geographical cover is estimated at 4185km<sup>2</sup> in extent making it one of the spatially largest municipality's in the province, occupied by a population of approximately 243 795 people, according to the Community Survey 2016.

The population of AbaQulusi has been growing steadily since 2011, moving from 211060 to 243 795 people, recording an increase of 32 735 people over a 5-year period. At present, AbaQulusi Municipality constitutes approximately 27% of the Zululand District Municipality making it the largest populated local municipality compared to the other local municipalities within the District.

The 4 other local municipalities that make up the Zululand Family include eDumbe, uPhongolo, Nongoma and Ulundi. The municipality is also characterised as the main hub for the district and is also very strategically positioned, sharing its border with all 4 local municipalities within the district, as well as with Amajuba and uMzinyathi District families.

The Locality Map below spatially depicts the AbaQulusi Municipality's location within the Zululand District Municipality and the KwaZulu-Natal Province.

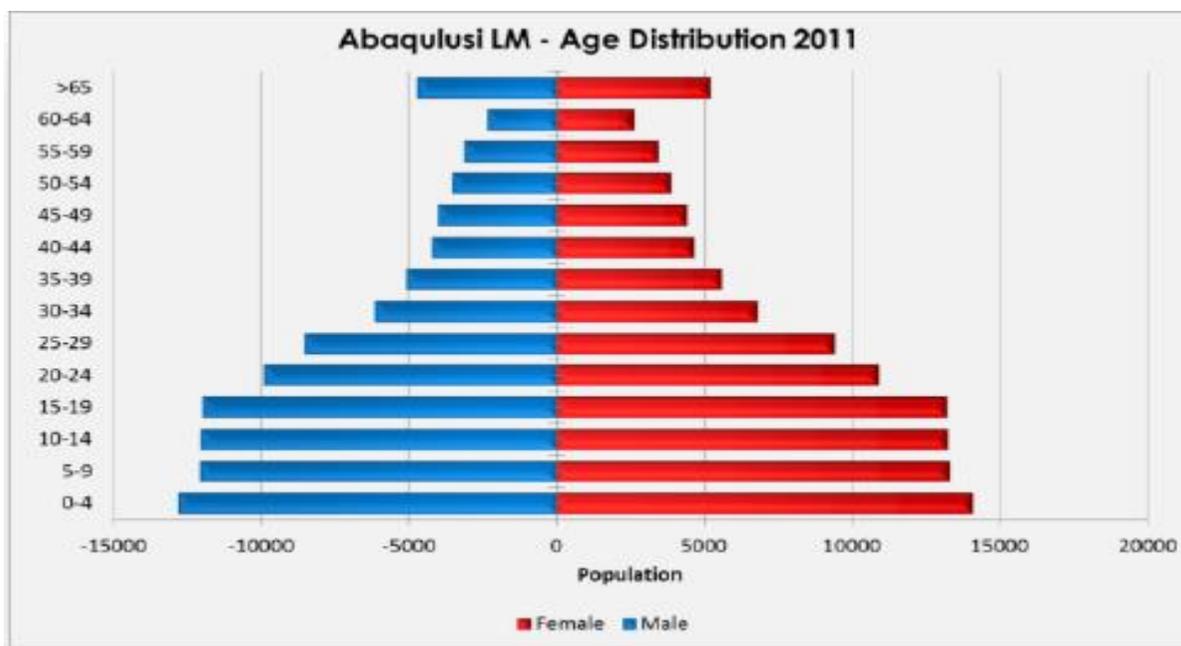

## 1.2 MUNICIPAL FUNCTION, POPULATION AND ENVIRONMENTAL OVERVIEW

The population of AbaQulusi has been growing steadily since 2001. From 2001 (191 019) to 2011 (211 032) the population of the municipality increased by 20 013 as per Census 2011, with a 1% growth rate per annum. The population density of AbaQulusi Local Municipality as expressed in terms of households per hectare depicts that the population within the municipality is not evenly distributed, within a high population density clustered around the main centre of Vryheid. There is a lower population concentration in the smaller urban centres of Hlobane, Louwsburg, eMondlo and Gluckstadt, while the outlying areas of Dlomdlomo, Khambi, Bhukumthutu, Gwebu, Ezibombu, Ezidulini, and Mvuzini all have an even lower population density. The full breakdown of the AbaQulusi population distribution per ward is as follows:

Table 1 Population of AbaQulusi (2001 - 2011)

### Age groups and gender

## Population by ward

## 1.3 SERVICE DELIVERY OVERVIEW

### 1.3.1 SERVICE DELIVERY HIGHLIGHTS

The table below specifies the basic service delivery highlights for the year:

HIGHLIGHTS		WARD
<b>COMPLETED PROJECTS</b>		
1.	Tarring of Road- Kwabalele to Shelter by Police Station (Phase 1)	1
2.	Construction of Louwsburg Taxi Rank	1
3.	Construction of Ezingadini Causeway	20
4.	Electrical connection of 82 households	3
5.	Electrical connection of 75 households	2
6.	Electrical connection of 372 households	4
7.	Coronation Hall	6
8.	Construction of Ncengumusa Crèche	13
<b>PROJECT STILL UNDER CONSTRUCTION</b>		
9.	Tarring of Road- KwaBalele to Shelter by Police Station (Phase 2)	12&20
10.	Tarring of Bhekumthetho (Zama to Kwabalele) Station phase 1	19
11.	Paving of Lakeside Roads (phase 2)	22
12.	Makhukhula Community Hall (ward 4)	4
13.	Kliefdale Community Hall	7
14.	Construction of Ward 11 Library	11
12.	Sanitation - Emergency Interventions related to curbing the spread of COVID 19	1,6,8,9, 10,11, 12,13, 22
13.	Provision of water and sanitation facilities to informal settlements	7,8,10, 11,13
14.	Provision of access to Basic Level of Electricity to 28075 households	All wards
15.	Provision of access to Basic Level of Sanitation to 19710 households	All wards
16.	Provision of access to Basic Level of Water to 9492 households	All wards
17.	Provision of access to Basic Level of Refuse Removal to 15399 households	All wards

Most of the planned projects could not be completed in time some projects were still under construction due to various challenges experienced by AbaQulusi Municipality during the year. Progress is indicated under chapter 3 of Annual Performance Report, 2019/20 Organisational Scorecard.

## 1.4 FINANCIAL HEALTH OVERVIEW

The municipality began the financial year with a cash balance of 16, 5 million

FINANCIAL OVERVIEW – 2019/20			
R'000			
Income	Original Budget	Adjustment Budget	Actual
Grants	179,813	192,027	220,384
Taxes, Levies and Tariffs	308,636	317,363	375,732
Other	31,007	32,529	20,809
Subtotal	591,456	541,919	616,925
Less expenditure	(552,435)	(577,216)	(590,972)
Net Total	(32,979)	(35,297)	(25,953)
* Note: Surplus/(deficit)			

OPERATING RATIOS	
DETAILS	
Employee cost	28%
Repairs and Maintenance	2%
Finance charges and depreciation	12%

### COMMENT ON OPERATING RATIOS

Employee related cost is 28% of total operating expenditure while the norm recommended by National treasury is between 30% and 35%. Repairs and Maintenance must be 6% of operating budget in terms of the norm by National Treasury while the municipality is sitting at 2%. It must be mentioned that another huge portion of repairs and maintenance is in capital expenditure as renewal of existing. Finance charges and depreciation make up about 12% of total operational expenditure

TOTAL CAPITAL EXPENDITURE 2015/16 – 2017/18			
DETAILS			
	2017/18	2018/19	2019/20
Original Budget	61 972	37 012	35 278
Adjustment Budget	59 855		43 983
Actual	34 170	39 012	35 104

### CAPABILITY OF THE MUNICIPALITY TO EXECUTE CAPITAL PROJECTS

The municipality was unable to allocate funding from own revenue for project in road, water electricity and sewerage as the impact of the drought in the previous financial year where the municipality had to provide water without receiving any revenue for water severely impacted on the finances of the municipality

<b>EMPLOYEE EXPENDITURE 2017/18– 2019/20</b>			
<b>PERIOD</b>	2017/18	2018/19	2019/20
<b>EXPENDITURE</b>	157 190	142 525 952	150 344 418

### **Indigent Support (Including Free Basic Services)**

The majority of the population in AbaQulusi Municipality is indigent; this has impact of reduced revenue. The Municipality receives the free basic grant from National Treasury, which is utilized to offer the following free basic services:

- Free 50kwh of electricity a month
- Free rates up to the value of R100, 000
- Free 6kl of water per month
- Free refuse
- These allocations are per the national government policy guidelines
- The total cost for these Free Basic Services amounts to R8,768,458,15

### **Revenue Enhancement and Protection Strategies**

The following strategies are to be implemented:

- Review and implementation of the credit control policy
- Strict management of the indigent register.
- Access to electricity through third party vendors.
- Customer awareness on illegal electricity connections.

### **Municipal Consumer Debt**

The increased number of indigents is negatively affecting the municipality's ability to collect all service revenue billed; there has been a considerable increase in the debtor's balances over 90 days as a result of this. These outstanding balances have been adequately provided for as doubtful debts.

### **Current and Planned Borrowings**

The municipality has no current or planned borrowings.

### **Municipality's Credit Rating**

The municipality does not have a credit rating currently.

### **Employee Related Costs**

The employee related costs account is approximately 28% of the total expenditure.

### **Supply Chain Management**

Abaqulusi municipality currently has Supply Chain Management Unit that manages the flow of goods and services guided by the municipal SCM policy. In order to give effect to the SCM Policy.

### Status of Bid Committees in 2019/20

The municipality has an established BID specification, evaluation and adjudication committee that is fully functional

### CHALLENGES

Challenges experienced for the reporting period are indicated in the table below

CHALLENGES	DESCRIPTION	ACTION TO BE TAKEN
<b>High level of indigent dependency</b>	High level of indigent dependence is as results community that might be found eligible to get indigent benefit	Strict verification process to register on Indigent Register
<b>Loss of income</b>	The municipality lose a lot of income due to illegal electricity, water connections and illegal development	Blocking of prepaid electricity Handing over of accounts to attorneys
<b>High rate of debtors</b>		Revenue enhancement committee has been established assisted by national COGTA

### INTERVENTIONS

- Revenue enhancement committee has been established assisted by national COGTA
- Blocking of prepaid electricity
- Handing over of accounts to attorneys
- Appointment of data cleansing service provider

## 1.5 ORGANISATIONAL DEVELOPMENT OVERVIEW

### MUNICIPAL TRANSFORMATION AND ORGANISATIONAL DEVELOPMENT

<b>HIGHLIGHTS</b>	<b>DESCRIPTION</b>
Legislative and administrative authority	Council and its committees meet as prescribed. Council continues to make, review and administer by-laws for the effective administration of the functions assigned to it
Ward committees	ward committees functional in 18(eighteen) wards and issues in 4(four) are being addressed to revive the functionality are and enhance participatory democracy

## 1.6 AUDITOR GENERAL REPORT

### 1.6.1 AUDITED OUTCOMES

The Auditor-General of South Africa has a constitutional mandate and, as the Supreme Audit Institution (SAI) of South Africa, exists to strengthen our country's democracy by enabling oversight, accountability and governance in the public sector through auditing, thereby building public confidence. In short, the Auditor-General checks the spending of public money by looking at whether it has been used ideally and for the purposes intended. This is done by annually checking all government spending. In turn, this can be described as an audit.

The Auditor-General's annual audit examines 3 areas:

- Fair presentation and absence of significant misstatements in financial statements
- Reliable and credible performance information for predetermined objectives
- Compliance with all laws and regulations governing financial matters.

There can be 5 different outcomes to an audit, once the municipality has submitted their financial statements to the Auditor-General, which can be simply defined as follows:

- **A clean audit:** The financial statements are free from material misstatements and there are no material findings on reporting on predetermined objectives or non-compliance with legislation.
- **Unqualified audit with findings:** The financial statements contain material misstatements. Unless they express a clean audit outcome, findings have been raised on either reporting on predetermined objectives or non-compliance with legislation, or both these aspects.
- **Qualified audit opinion:** The financial statements contain material misstatements in specific amounts, or insufficient evidences for them to conclude that specific amounts included in the financial statements are not materially misstated.
- **Adverse Audit Opinion:** The financial statements contain material misstatements that are not confined to specific amounts, or the misstatements represent a substantial portion of the financial statements.
- **Disclaimer of Audit opinion:** The auditee provided insufficient evidence in the form of documentation on which to base an audit opinion. The lack of sufficient evidence is not confined to specific amounts or represents a substantial portion of the information contained in the financial statements.

The table below indicates the audit opinion received for the past four financial years:

YEAR	2017/18	2018/19	2019/20
OPINION RECEIVED	Qualified with findings	Unqualified with findings	

## 1.7 IDP PROCESS PLAN

According to chapter 5 of the Municipal Systems Act (MSA) of 2000, all municipalities have to undertake an Integrated Development Planning process (i.e. IDP Process Plan) to produce an Integrated Development Plan (IDP). The process plan in this case essentially fulfils the function of a business plan and/or operational plan for the review process of the IDP, Budget and PMS. It is a plan that simply defines **what** should happen, by **when** it should happen, **who** is responsible, and **how** it should happen during the process of formulating/reviewing an IDP, Budget and PMS for a Municipality.

Schedule of events to undertake IDP Review 2019/20 successfully are indicated in the table below

DATE	ACTIVITY	RESPONSIBILITY
<b>JULY 2019</b>		
15 July 2019	Submission of 4 <sup>th</sup> Quarter PMS Report by all Departments	Municipal Manager and All Directors

## CHAPTER 2 – GOVERNANCE

### COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

Governance at AbaQulusi is made up of political and administrative governance. Political governance comprises of elected councillors and council committees. Its role is to play oversight role over administration of the municipality to ensure effective and efficient service delivery. Administrative governance is undertaken through various administrative structures under the leadership of the Municipal Manager.

The principal structure of municipality is Council chaired by Speaker of Council, Cllr. MB Khumalo. The Executive Committee is led by the Deputy Mayor, who is currently acting as Mayor Cllr. MC Maphisa and is tasked with day – to –day running of the municipality. Political governance structures at AbaQulusi comprise of the elected councillors respectively they work together on day – to day basis to achieve service delivery goals and targets as set out in the municipal IDP

#### 2.1 POLITICAL GOVERNANCE

The political governance of AbaQulusi Municipality is undertaken by Executive Committee led by the Deputy Mayor, acting as Mayor Cllr. MC Maphisa. The Mayor is at the centre of the system of governance, since executive powers are vested in him to manage the day-to-day affairs. He has an overarching strategic and political responsibility The Executive Committee comprises of 8 members of Council. The EXCO political structure is made up of the following: 3 IFP: Members, 1 DA Member, and 4 ANC: Members. The composition of EXCO Councillors and their political affiliation is as follows:

Councillor Identity	Councillor Profile	Councillor Identity	Councillor Profile
			
Cllr. MA Hlatshwayo Designation: PR Political Representation: IFP	NN Mdlalose Designation: PR Councillor Political Representation: ANC	Cllr. MC Maphisa Deputy Mayor Political Representation: IFP	Cllr. PP Selepe PR Councillor Political Representation: ANC
			
Cllr. BL Zwane PR Councillor Political Representation: IFP	Cllr. HB Khumalo Designation: PR Councillor Political Representation: ANC	Name: IA De Kock Designation: Ward Councillor Political Representation: DA	Cllr. TZ Nkosi Designation: Ward Councillor Political Representation: ANC Ward: 1

Various portfolio committees are in place to ensure effective oversight role on council matters. The committees are established in terms of section 79 and 80 of the Local Government Municipal Structures Act No 117 of 1998. These committees include

NO.	COMMITTEE	CHAIRPERSON	MEMBERS

## **2.3 ADMINISTRATIVE GOVERNANCE**

The Municipal Manager is the Chief Accounting Officer of the Municipality. He is the head of the administration, and primarily serve as chief custodian of service delivery and implementation of political priorities. He is assisted by his direct reports, which constitutes the management team, the administrative is depicted below comprising of the following departments

### **2.3.1 Office of the Municipal Manager**

Municipal Manager is Head of Administration and is responsible for the management of the municipality's administration in accordance with the Local Government Municipal Systems Act of 2000 and other legislation applicable to the municipality. The primary objective to measure, monitor and enhance the institution's performance and advise the political structures and political office bearers of the municipality.

The following units exist within the department:

- Internal Audit
- Executive Support
- Legal Services
- Performance Management

### **2.3.2 Financial Services**

Budget & Treasury manages the financial affairs of municipality to ensure the optimum use of all municipal assets. In essence, it is the protector of the public purse as it levies taxes and charges on the public, collects the taxes and charges for the public, and administers the expenditure of those taxes and charges on goods, services and assets on behalf of the public.

The following units exist within the department:

- Revenue,
- Expenditure
- Supply Chain
- Budget and treasury

### **2.3.3 Technical Services**

The Technical Services department's main objectives and functions are to provide the basic needs of the community as well as maintain the standard of service provided.

The following units exist within the department:

- PMU
- Roads and Storm -water,

- Electricity
- Water and Sanitation

### **2.3.4 Corporate Services**

Enable support to Council, the Committees of Council, as well as to the Political Office Bearers, provide an effective and efficient human resource strategic and administration, ensure skilled workforce, ensure fair representation of the workforce, promote a conducive working environment provide optimal information technology services and infrastructure.

The following units exist within the department:

- Human Resource,
- General Administration
- Information Technology
- Council Support and
- Fleet Management

### **2.3.5 Community Services**

The Community Development Department's core functions is to ensure that the community is well serviced in regards to: Health care, Public Safety, Education (Libraries) Sports & Recreation, Community Halls, Traffic Management, Refuse removal and sewerage

The following units exist within the department:

- Solid Waste
- Safety and Security
- Recreational Services

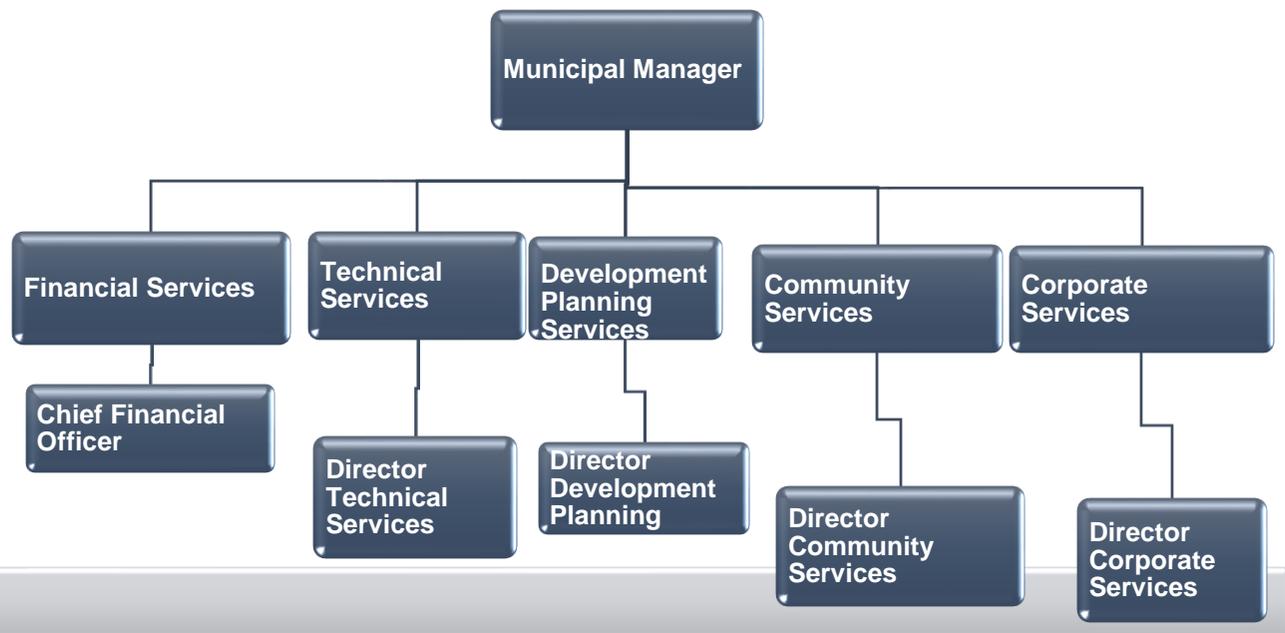

### **2.3.6 Development Planning.**

The planning and development departments' primary function within the municipality is to regulate and control all development.

The following units exist within the department:

- Town Planning and GIS
- Local Economic Development
- Housing
- Building Inspectorate
- IDP and Development Planning

Depicted below is the Organogram of the municipality

**Organogram**

## COMPONENT B: INTERGOVERNMENTAL RELATIONS

### 2.4 INTERGOVERNMENTAL RELATIONS

The municipality participates in a number of national and provincial forums.

#### PROVINCIAL INTERGOVERNMENTAL STRUCTURE

The mayor and municipal manager participate in the technical and provincial MUNIMEC respectively

IGR in the context of South Africa mainly aims to achieve the following:

- Information Sharing
- Communication
- Consultation
- Engagement
- Co-operation

The key IGR Structures that is established in the country that provides a platform to achieve the above - mentioned is outlined as follows:

Table 9 IGR National and Provincial Structures

SPHERE OF GOVERNMENT	IGR STRUCTURE
<b>National</b>	<ul style="list-style-type: none"> <li>▪ Presidents co-ordinating Council</li> <li>▪ MinMECs/Budget Forum/Local Government Budget Council</li> </ul>
<b>Provincial</b>	<ul style="list-style-type: none"> <li>▪ Premiers co-ordinating Forums</li> <li>▪ MuniMECs</li> </ul>
<b>Local</b>	<ul style="list-style-type: none"> <li>▪ District Inter-Governmental Forums:</li> <li>▪ The District Technical Forum</li> <li>▪ Mayoral Forum</li> <li>▪ Municipal Manager's Forum</li> <li>▪ Sub Technical Forums (CFOs Forum, Planning Forum, Infrastructure Forum, Corporate Services Forum)</li> </ul>

It must be noted that the AbaQulusi LM is fully committed and active in the Provincial and Local IGR Structures.

## **Municipal Structures**

Other than legislated and political structures, the following structures are also in place in the AbaQulusi Local Municipality:

Table 10 IGR Municipal Structure

<b>Department</b>	<b>Structure</b>
<b>Development Planning</b>	<input type="checkbox"/> IDP Rep Forum
<b>Corporate Services</b>	<input type="checkbox"/> Local Labour Forum
<b>Community Services</b>	<input type="checkbox"/> Disaster Management Forum <input type="checkbox"/> Sports Forum
<b>Development Planning</b>	<input type="checkbox"/> Tourism Forum <input type="checkbox"/> Business Forum <input type="checkbox"/> Housing Forum

## **COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION**

### **2.5 PUBLIC MEETINGS**

The AbaQulusi Municipality prides itself on public participation within its municipality. It is imperative that the public is involved in all municipal processes and decision making, achieving transparency and an all-inclusive society. The municipality's IDP Process Plan sets out the public participation structures and schedules that are usually implemented by the municipality for a specific year. It must be noted that although structures and schedules are in place, it does not always go to plan due to the constant demands within local government. Structures used to involve the public of municipal affairs include:

- Council Meetings (Public is invited)
- IDP Representative Forums
- IDP/Budget Roadshows/Izimbizo
- Ward Committee Meetings
- Meetings with Amakhosi
- Meeting with Business
- Media Releases
- Website Releases

Amakhosi are also invited to Council meetings however there has been much participation considering some issues to be addressed at a Provincial level

AbaQulusi Municipality could not have on its 2019/20 IDP/Budget Roadshows as schedule and has however undertaken the process successfully in 2020/21 regardless of the challenges posed by COVID 19 pandemic.

Ward committee structures were utilised where possible to engage communities on affairs of the municipality

### **2.5.1 WARD COMMITTEES**

The Ward Committees support the Ward Councilor who receives reports on development, participate in development planning processes, and facilitate wider community participation. To this end, the Municipality constantly strives to ensure that all Ward Committees function optimally with community information provision, convening of meetings, ward planning, service delivery, IDP formulation and performance feedback to communities.

The purpose of a ward committee is:

- to get better participation from the community to inform council decisions;
- to make sure that there is more effective communication between the Council and the community; and
- to assist the ward councillor with consultation and report-backs to the community.

Ward committees should be elected by the community they serve. A ward committee may not have more than 10 members and women should be well represented. The ward councilor serves on the ward committee and act as the chairperson. Although ward committees have no formal powers, they advise the ward councilor who makes specific submissions directly to the administration. These committees play a very important role in the development and annual revision of the Integrated Development Plan of the area.

Table below indicates representation for 22 wards of AbaQulusi

Communication dissemination methods include the following:

**Internal communication flow:**

- Communication between internal departments through staff circulars.
- Communication between committees, entities, affiliates, partners and staff.
- Cost reduction efforts by using notice boards

**External communication flow:**

- Traditional media: newspapers, radio, local newspaper.

- Electronic media: AbaQulusi website
- Social media: Facebook

## 2.6 IDP PARTICIPATION AND ALIGNMENT

Table 12 IDP Application and Alignment

IDP Participation and Alignment Criteria*	Yes/No
Does the municipality have impact, outcome, input, output indicators?	Yes
Does the IDP have priorities, objectives, KPIs, development strategies?	Yes
Does the IDP have multi-year targets?	Yes
Are the above aligned and can they calculate into a score?	Yes
Does the budget align directly to the KPIs in the strategic plan?	Yes
Do the IDP KPIs align to the Section 57 Managers	Yes
Do the IDP KPIs lead to functional area KPIs as per the SDBIP?	Yes
Do the IDP KPIs align with the provincial KPIs on the 12 Outcomes	Yes
Were the indicators communicated to the public?	Yes
Were the four quarter aligned reports submitted within stipulated time frames?	Yes
* Section 26 Municipal Systems Act 2000	

## COMPONENT D: CORPORATE GOVERNANCE

### 2.7 RISK MANAGEMENT

Section 62 (1) of the MFMA states that, the accounting officer of a municipality is responsible for managing the financial administration of the municipality, and must for this purpose take all reasonable steps to ensure that the resources of the municipality are used effectively, efficiently and economically and that the municipality has and maintains effective, efficient and transparent systems of financial and risk management and internal control.

The risk management function fall under Internal Audit in the Office of the Municipal Manager.

Risk management is as much about identifying opportunities as avoiding or mitigating losses. It is a logical and systematic process of establishing the context, identifying, analysing, evaluating, treating, monitoring and communicating risks associated with any activity, function or process, in a way that enables an organization to minimize losses and maximize opportunities. The drive for local government transformation with limited resources has tended to force municipalities into taking a less conservative

Ongoing local government reforms have provided a broad administrative framework for further improvements to occur. These include more stringent corporate governance requirements, greater flexibility and a focus on results and accountability. Risk management trends and components already overlap with those of internal auditing, performance management, programmer and project management, financial management, change management, customer care, communication, etc. and require incremental inclusion in current and future plans of the entire organization. The management of risk by implication is a managerial function, even so individual sections, departments and directorates differ in their exposure and reaction to risks and thus departments, sections and individuals form a vital part of the overall risk management process within the Municipality.

AbaQulusi Municipality strives, so far, successfully to be amongst the leaders in local government. In our continuously changing governance environment, it is imperative that Council remains updated on key changes and challenges and how these affect the operation of business in today's environment. This will not be achieved without an effective, efficient, soundly funded and managed risk strategy that seeks to maximize its impact on the organization with minimum resources at its disposal. National Treasury Public Sector Risk Management Framework affirms that —no organization has a luxury of functioning in a risk-free environment and public institutions are especially vulnerable to risk associated with fulfilling their mandates.

In 2019/20 financial year, the AbaQulusi Local Municipality had faced numerous challenges such as quarterly reporting on the implementation of mitigation measures, non-functionality of risk

management committee and embedding risk management activities to become a standard item to all MANCO meetings. The table below indicates the top five risks within the Municipality:

Table 13 Municipal top five risks

TOP FIVE MUNICIPAL RISKS			
RISK NO	RISK CATEGORY	RISK DESCRIPTION	RISK BACKGROUND
01	Water and sanitation	Inability to provide potable water and sanitation	<ul style="list-style-type: none"> <li>*Ageing infrastructure</li> <li>*illegal connation</li> <li>*unmated water supply</li> <li>*theft of water mater</li> <li>*lack of plant and equipment</li> <li>*lack of funding</li> <li>*lac of consumers education in water conservation</li> <li>*drought</li> <li>*lack of infrastructure upgrade</li> <li>*Non-payment of service provider</li> <li>*Lack of sector plan</li> <li>*changes in legislation</li> <li>*Non finalisation of WSP agreement</li> <li>*Trade effluent</li> <li>*Acid mine drainage</li> <li>*shortage of backup critical equipment</li> </ul>
02	Electricity provision	Inability to provide safe, effective and reliable electricity	<ul style="list-style-type: none"> <li>* Ageing infrastructure</li> <li>*illegal connation</li> <li>*tampering</li> <li>*theft of equipment</li> <li>*Lack of plant and equipment</li> <li>*Lack of funding</li> <li>*Lack of consumer in education</li> <li>*Lack of staff training</li> <li>*shortage of staff</li> <li>*Non-payment of service provider</li> <li>*Lack of insurance cover of critical assets</li> <li>*Non availability of electricity assets and inventories</li> <li>*Lack of infrastructure upgrade</li> <li>*Lack of sector plans</li> <li>*Poor maintenance of infrastructure</li> </ul>
03	Road and storm water maintenance	Inability to construct and maintain road and water drainage	<ul style="list-style-type: none"> <li>*Unavailability of plant</li> <li>*Unavailability of materials</li> <li>*scarcity of water</li> <li>*Cutting of unbudgeted roads</li> <li>*cutting new unregistered roads resulting in erosion</li> </ul>

TOP FIVE MUNICIPAL RISKS			
RISK NO	RISK CATEGORY	RISK DESCRIPTION	RISK BACKGROUND
			<ul style="list-style-type: none"> <li>*Lack of community awareness on drainage system</li> <li>*Drain not coupling with runoff</li> <li>*Lack of skilled team leader</li> </ul>
04	Billing and collation	Weakened revenue	<ul style="list-style-type: none"> <li>*Lack of data cleansing</li> <li>*limited staff</li> <li>*Poor collation of revenue</li> <li>*vending machine failure</li> <li>*high rate of indigent</li> <li>*illegal and tampering electricity maters</li> <li>*Lack of encroachment fees</li> <li>*incorrect land use management leading to illegal connation services</li> <li>*Lack of rental fees</li> </ul>
05	Supply chain management	Ineffective supply chain management process	<ul style="list-style-type: none"> <li>*Lack of maintenance minimum and maximum stocking level</li> <li>Non-payment to creditors</li> <li>*lack of reconciling manual requisition and store module</li> <li>*under/overstated of stores items</li> <li>*Non capturing of received stores items</li> <li>*incorrect specification from user dept</li> <li>*Non approval of requisition</li> <li>*Lack of decentralisation of SCM process</li> <li>*collusion between SCM official and service providers</li> <li>*Delay on implementation new SCM circulars</li> <li>*Tender advert not meeting the required time</li> <li>*Lack of training SCM officials and SCM committees</li> <li>*lack of assessing service provider performance</li> <li>*month to month / expired contract</li> <li>*misplace of contract file</li> <li>*shortage of staff</li> <li>*Lack of cooperation from departments</li> <li>*Lack of ethical standards</li> <li>*insufficient record keeping</li> <li>*Lack of segregation of duties</li> <li>*Lack of vetting service providers</li> </ul>

The AbaQulusi LM has currently developed and adopted the following Risk Management Plans and Policies related to Risk which are subject to annual reviews:

- Risk Management Policy,
- Anti-Fraud and Corruption Policy,
- Whistle-blower policy,
- Risk Management Strategy,
- Fraud Prevention Plan
- Employees and Councils Code of Conduct

The municipality had established the Risk Management Committee during 2018/2019 financial year, but however due to high staff turnover on senior management level that had compromise the functionality of the committee.

## 2.8 ANTI – CORRUPTRION AND FRAUD

Council is committed to sound financial management and the maintenance of a healthy economic base. Although the statutory requirement for the contribution to statutory funds will disappear with the possible repealing of the KwaZulu-Natal and Local Authorities Ordinance No 25 of 1974, Council will put in place policies, which will maintain sufficient contributions to similar funds established in terms of GRAP. Financial management policies and procedures for the entire municipality will be implemented.

The municipality has developed and adopted fraud and corruption policy which is reviewed on an annual basis. A dedicated line has been created for reporting fraud and corruption.

The Municipality had adopted risk management related policies on its Council meeting dated 29 October 2016 and they are due for review. The aforementioned documents is/must be read in collaboration with numerous other legislative provisions in the combat against corrupt and/or fraudulent conduct and/or related practices. The Anti-Fraud and Corruption Policy applies to all Councillors and municipal staff, which encompasses that the aforementioned must at all times act honestly, with integrity and safeguard the municipal resources for which they may be responsible and/or accountable.

Whilst this Policy contains a strategy aligned with that of the former Department: Provincial and Local Government Strategy on promoting good governance and accountability, the AbaQulusi Anti-Fraud

and Anti-Corruption Policy on its own was presented to Council for adoption. It is of this reason to sensitize Councillors through the workshops and trainings in order to communicate its documented as a zero-tolerance approach to corrupt and or fraudulent conducted related practices by councillors, municipal staff and/ or external parties.

From a preventative approach, it is envisaged that all departments will be subjected to comprehensive fraud risk reviews, resulting in individual fraud prevention plans per directorate and sub-directorate, which will be monitored and reviewed on an annual basis to assess compliance in order to harvest a culture of accountability. However, any initiative to promote accountability, good corporate governance and the eradication of corrupt and/or fraudulent practices in whatever form needs to be supported by all role players, with the tone given by the top, with a zero-tolerance approach.

There is high shortage of staff in Internal Audit unit and risk management section and in the interim, the unit utilized the services of external consultants on a co-sourcing basis to implement the annual audit plan. Serious consideration is, however, now being given to build and capacitate the unit by means of advertising the vacant positions for both internal audit and risk management section in order to fill them with suitably qualified candidates to effectively drive the fraud detection, prevention and eradication measures within the Council.

## 2.9 AUDIT COMMITTEE

Section 166 of the MFMA, requires every Municipality to establish and maintain an Audit Committee, as an independent appraisal function.

*Section 166: (1) Each municipality and each municipal entity must have an audit committee, subject to subsection (6).*

*(2) An audit committee is an independent advisory body which must— (a) advise the municipal council, the political office-bearers, the accounting officer and the management staff of the municipality, or the board of directors, the accounting officer and the management staff of the municipal entity, on matters relating to:*

- (i) Internal financial control and internal audits*
- (ii) Risk management*
- (iii) Accounting policies*
- (iv) The adequacy, reliability and accuracy of financial reporting and information*
- (v) Performance management*
- (vi) Effective governance*
- (vii) Compliance with this Act, the annual Division of Revenue Act and any other applicable legislation*
- (viii) Performance evaluation*
- (ix) Any other issues referred to it by the municipality or municipal entity*

Experience has shown that a properly constituted Audit Committee can make an effective and valuable contribution to the process by which an organization is directed and controlled.

The overall objectives of the Audit and Performance Audit Committee (APAC) are to ensure that management has created and maintained an effective control environment in the organization and that management demonstrates and stimulates the necessary respect for the AbaQulusi Municipality's systems, policies and procedures and for the internal control structure.

The AbaQulusi Audit Committee is well established and functioning as required. An updated Committee Charter has also been developed and approved by Council. All the members of the Audit Committee are also members of the Performance Audit Committee. The APAC meets quarterly.

### 2.9.1 MEMBERSHIP

The following table indicates the members of the APAC:

	NAME OF REPRESENTATIVE	CAPACITY
1.	Khumalo NE	Chairperson
2.	Botshiwe U	Member
3.	Ndaba SP	Member

The APAC executed all of their delegated functions for the 2019/20 financial and a report is attached on the Audit Committee Report:

## 2.10 INTERNAL AUDITING

In terms of Section 165 (1) of the MFMA, each municipality must have an Internal Audit Unit. Section 165 (2) of the Act, gives guidance on what is expected of the internal audit unit with regard to responsibility, functions and reporting requirements.

Section 165 (1) of the MFMA states that:

- (1) Each municipality and each municipal entity must have an internal audit unit*
- (2) The internal audit unit of a municipality or municipal entity must*
  - (a) Prepare a Risk-Based Audit Plan and an internal audit program for each financial year*
  - (b) Advise the accounting officer and report to the audit committee on the implication of the internal audit plan and matters relating to-*
    - (i) internal control*
    - (ii) internal audit*
    - (iii) accounting procedures and practices*
    - (iv) risk and risk management*
    - (v) performance management*
    - (vi) loss control*
    - (vii) compliance with this Act, the Division of Revenue Act and any other applicable legislation*
  - (c) perform such other duties as may be assigned to it by the accounting officer”*

The AbaQulusi Municipality’s Internal Audit Activity (IAA) is capacitated to provide independent, objective assurance and consulting services. Independence is maintained by being accountable to the Accounting Officer administratively and by functionally reporting to the Audit Committee, these reporting lines are clearly stated in the AbaQulusi Internal Audit Charter.

The IAA strives to provide value-added service to the Municipality providing workable and sustainable solutions. The AbaQulusi Municipality has an in-house IAA has Internal Audit Manager in -house who performs some of the duties and the municipality outsource some of the Internal Audit Functions from a consulting firm, Shakaman, they work together with Internal Audit Manager to execute duties in terms of Section 165 (1) of the MFMA

## 2.10.1 INTERNAL AUDIT FUNCTIONS

Below are the functions of the Internal Audit Unit that were performed during the financial year under review:

<b>AUDIT AREA</b>	<b>YEAR 1 2018/2019</b>	<b>YEAR 2 2019/2020</b>	<b>YEAR 3 2020/2021</b>

## 2.11 BY-LAWS AND POLICIES

Section 11 of the MSA gives a Council the executive and legislative authority to pass and implement by-laws and policies. Below is a list of all the by-laws developed and reviewed during the financial year:

		Adopted Yes/No
1.	Property Rates	Yes
2.	Pollution Control	Yes
3.	Pounds	Yes
4.	Public Roads	Yes
5.	Public Amenities	Yes
6.	Tariff Policy	Yes
7.	Street Trading	Yes
8.	Storm Water Management	Yes
9.	Property Encroachment	Yes
10.	Keeping of Animals	Yes
11.	Water Bylaw	Yes
12.	Environmental	Yes
13.	Cemetery and Crematoria	Yes
14.	Financial	Yes
15.	Fire Fighting	Yes
16.	Traffic Bylaw	Yes
17.	Building regulation	Yes
18.	Outdoor Advertising	Yes

Below is a list of all the policies developed and reviewed during the financial year:

POLICY DEVELOPED/ REVIEWED			DATE ADOPTED
1.	Credit Control and Debt Collection	Reviewed	
2.	Cash Management and Investment	Reviewed	25 June 2020
3.	Borrowing Policy	Reviewed	25 June 2020
4.	Supply Chain Management	Reviewed	25 June 2020
5.	Disposal of assets.	Reviewed	25 June 2020
6.	Indigent Policy	Reviewed	25 June 2020
7.	Performance Management Framework	Reviewed	25 June 2020
8.	Policies dealing with Infrastructure Investment	Reviewed	25 June 2020
9.	HR Policies	Reviewed	28 May 2020
10.	Cost Containment	Reviewed	25 June 2020
11.	Infrastructure Policy	Reviewed	
12.	Virement	Reviewed	25 June 2020

## 2.12 COMMUNICATION

Local government has a legal obligation and a political responsibility to ensure regular and effective communication with the community. The Constitution of the Republic of South Africa, 1996 and other statutory enactments all impose an obligation on local government and require high levels of transparency, accountability, openness, participatory democracy and direct communication with the communities to improve the lives of all.

Good customer care is clearly of fundamental importance to any organisation. A successful communication links the people to the municipality's programme for the year, below is a communication checklist of the compliance to the communication requirements:

TOPIC	DISCRIPTION	DATE	TARGET GROUP	NO. OF PEOPLE
Housing Consumer Education	Housing Public Meetings	On-going	Community	79
Code of Conduct	The promotion of the Code of Conduct for employees by means of posters	On-going campaign	Employees	

Additional Communication channels utilized

CHANNEL	YES/NO
SMS system	Yes
Call system	Yes
Facebook	Yes
Flyers	Yes

## 2.13 WEBSITE

Municipalities are required to develop and maintain a functional website that displays relevant information as per the requirements of Section 75 of the MFMA and S21A and B of the MSA as amended.

The website should serve as a mechanism to promote accountability and transparency to communities and therefore information posted should be accurate and timeously updated.

The municipal website is a key communication mechanism in terms of service offering, information sharing and public participation. It is a communication tool that should allow easy and convenient access to relevant information. The municipal website should serve as an integral part of the municipality's communication strategy.

The table below gives an indication about the information and documents that are published on our website.

DISCRIPTION OF INFORMATION AND OR DOCUMENT	YES/NO
<b>Municipal Contact Details (Section 14 of The Promotion of Access to Information Act)</b>	
Full Council details	No
Contact details of the Municipal Manager	Yes
Contact details of the CFO	No
Physical address of the Municipality	Yes
Postal address of the Municipality	Yes
<b>FINANCIAL INFORMATION (SECTIONS 53, 75, 79 AND 81(1) OF THE MFMA)</b>	
Draft Budget	Yes
Final Budget	Yes
Adjusted Budget	Yes
Asset Management Policy	Yes
Customer Care, Credit Control & Debt Collection Policy	Yes
Indigent Policy	Yes
Investment & Cash Management Policy	Yes
Rates Policy	Yes
Supply Chain Management Policy	Yes
Tariff Policy	Yes
Virement Policy	Yes
Travel and Subsistence Policy	Yes
SDBIP	Yes
<b>INTEGRATED DEVELOPMENT PLAN AND PUBLIC PARTICIPATION (SECTION 25(4)(B) OF THE MSA AND SECTION 21(1)(B) OF THE MFMA)</b>	
Reviewed IDP	Yes
IDP Process Plan	Yes
<b>SUPPLY CHAIN MANAGEMENT (SECTIONS 14(2), 33, 37 &amp;75(1)(E)&amp;(F) AND 120(6)(B)OF THE MFMA AND SECTION 18(A) OF THE NATIONAL SCM REGULATION)</b>	
SCM contracts above R30 000	Yes
Section 37 of the MFMA (Unsolicited Bids/Contracts)	Yes

DISCRIPTION OF INFORMATION AND OR DOCUMENT	YES/NO
Public invitations for formal price quotations	Yes
<b>REPORTS (SECTIONS 52(D), 71, 72 &amp;75(1)(C) AND 129(3) OF THE MFMA)</b>	
Annual Report	Yes
Oversight Reports	Yes
Mid-year Budget and Performance Assessment	Yes
Quarterly Reports	Yes
<b>Performance Management (Section 75(1)(d) of the MFMA)</b>	
Performance agreements for employees appointed as per Section 57 of the MSA	Yes

## CHAPTER 3 SERVICE DELIVERY PERFORMANCE

### PART I

Key service delivery at AbaQulusi during 2019/20 is indicated in the Annual Performance Report 2019/20 and briefly achievements can be summarised as follows with some of the projects completed and some still under construction

Table 17: Key Service delivery

	INTERVENTION	WARD
1.	Road construction	12,19,20
	Paving of roads	11,13,22
	Upgrade of roads	
2.	Basic level of Sanitation	All wards
	Emergency Interventions related to curbing the spread of COVID 19	1,6,8,9, 10,11, 12,13, 22
	Provision of water and sanitation facilities to informal settlements	7,8,10,11,13
3.	Basic level of water	All wards
4.	Basic level to electricity	All wards
5.	Access of electricity – new households	2,3,4
6.	Electrical network	All wards
7.	Construction of community hall	4,6,7
8.	Construction of taxi rank	01
9.	Construction of crèches	13
	Library	14
10.	Refuse removal	1,6,7,8,9,10,11,13,18,20

Access to basic services such as water, electricity and sanitation, is one of the key development indicators and a reliable measure for social and economic development.

### 3.1 WATER SUPPLY

#### Interesting fact of this service

Piped water inside dwelling

**89 ranking by piped water inside dwelling and 38.8% of households have access to this service**

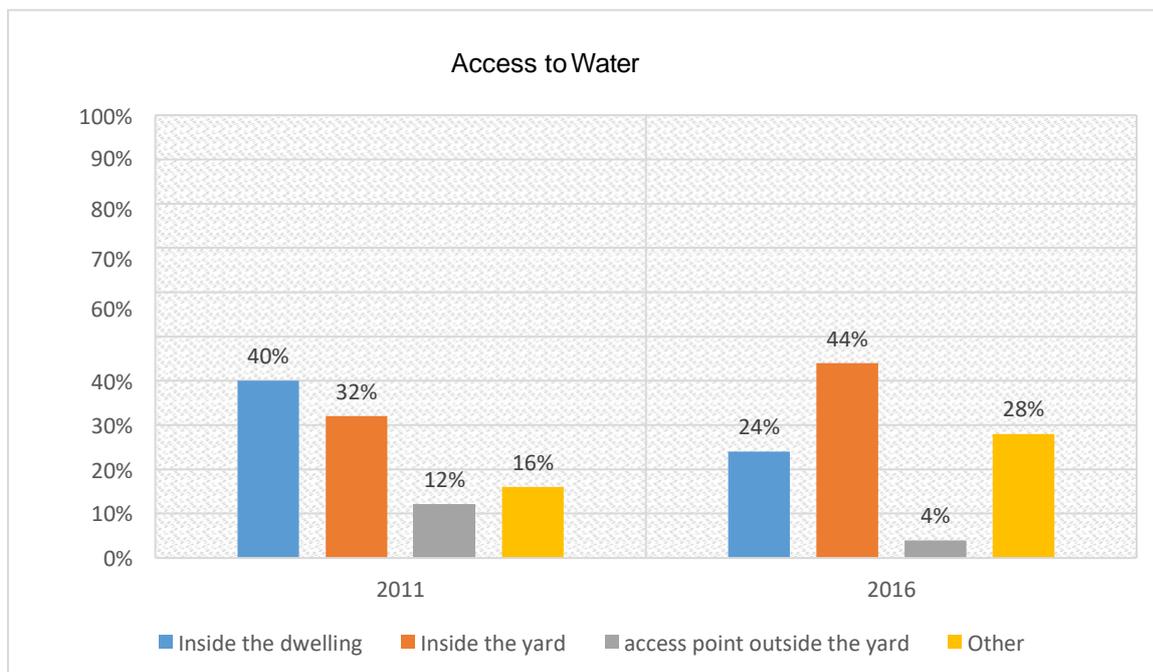

Water and sanitation services fall under the powers and functions of the Zululand District Municipality and is the core function of Zululand District Municipality. The Municipality is constantly engaged in discussions with Zululand District Municipality as a Water Service Authority to get information on progress regarding this function. The district's primary objective is to extend potable water and sanitation services throughout the district by eliminating the backlogs and also to maintain and ensure sustainability of the existing water and sanitation infrastructure.

Zululand District Water Services has developed a Water Services Development Framework since it is responsible for water and sanitation services delivery in the district. This was done in terms of the powers and functions stipulated in the Municipal Structures Act No.117 of 1998; Chapter 5. The main objective of the municipality is to ensure the quality of drinking water in the region is improved in as far as the blue and green drop is concerned.

Water supply infrastructure in AbaQulusi Municipality varies between areas reflecting the impact of separate development and urban bias of the past planning and development practices. However, the situation has improved tremendously since 2001 with the number of households with piped water inside dwelling has increased from 7166 (2001) to 13 385(2007) and 17237(2011), while households obtaining water from springs and streams have decreased. These households remain exposed to waterborne diseases such as cholera.

The table below indicate access to water in AbaQulusi

Access to water	Census	Community Survey
	2011	2016
Number of Households	43 299	51 910
Inside the dwelling	17237 (40%)	12 621 (24%)
Inside the yard	14020 (32%)	22 362 (44%)
From access point outside the yard	5053 (12%)	2500 (4%)
<b>Access to piped Water</b>	<b>36310 (83%)</b>	<b>37483 (72%)</b>
Other	6989 (16%)	14427 (28%)

**Source: Stats SA CS 2016**

The responsibility for the delivery of water in AbaQulusi is shared between Zululand District and AbaQulusi Municipality. Zululand district provides water in the rural areas while AbaQulusi is in charge of water in the urban areas. AbaQulusi draws water from various sources including Bloemveld, Grootgewacht, Klipfontein, Louwsburg, Boulder, Hlobane and Mvunyane Dams. The municipality is responsible for six water treatment plants, which are all located within the urban areas. There is minimal capacity left in most of the bulk water supply systems with the situation fast reaching critical level in eMondlo. The capacity for the above six municipal plants is as follows:

- Klipfontein (13) mega litres per day and 3 mega litres reserves
- Bloemveld (7.5) mega litres per day,
- eMondlo (7.5) mega litres per day
- Hlobane (7.5), mega litres per day
- Coronation (1.5) and
- Louwsburg (1.1) mega litres per day

The rural areas are primarily served by boreholes. However, the District is presently implementing three major rural water schemes in the AbaQulusi, namely:

- Emondlo-Hlahlindlela Water Scheme.
- Coronation Bulk Water Scheme
- Khambi Regional Water Supply Scheme.

## 3.2 WASTE WATER

### 104 ranking by flush toilet connected to sewerage and 40.9 households are connected to flush toilet

The table below shows that AbaQulusi Municipality is not well provided with sanitation facilities. According to Statistics South Africa, the situation in terms of access to flush toilets remains the same as in 2001. However, there is a marked increase (from 5% in 2001 to 22% in 2007) in the number of people with ventilated pit latrines. This indicates a clear focus on rural sanitation and progress made in addressing sanitation backlog in these areas.

#### Access to Sanitation

Access to Sanitation	Census 2011	Community Survey 2016
Number of Households	43 299	51 910
Flush toilet (connected to sewerage system)	18949 (44%)	21520 (42%)
Flush toilet (with septic tank)		
Chemical toilet	2241(5%)	5702 (11%)
Pit latrine with ventilation (VIP)	14618 (34%)	18010 (35%)
Pit latrine without ventilation		
None/Other	7491 (17%)	6678 (12%)

The main responsibility of the municipality is

- to ensure that the residents of AbaQulusi receive purified water,
- and areas that are not serviced with piped water are supplied with water via tankers.
- repair burst water pipes, water meters and replace old asbestos pipes.

The municipality is striving to achieve the blue drop requirements as regulated by the Department of Water Affairs.

### 3.2.1 CHALLENGES

Challenges on waste water are indicated in the table below:

DESCRIPTION	ACTION TO BE TAKEN
Ageing infrastructure	Budgetary provision must be made and additional funding sourced to replace ageing infrastructure
Operational budget constraints	Budgetary provision and external funding
Shortage of resources	
Inadequate professionals	Employment of professionals

### 3.3 ELECTRICITY

Local Government holds executive authority over electricity reticulation in accordance with the Constitution. Furthermore, the Electricity Regulating Act makes provision for the establishment of the National Energy Regulator that sets specific standards and guidelines concerning the distribution of Electricity Distribution Licenses. This places a responsibility on municipalities to ensure the provision of electricity services to communities in a sustainable manner for economic and social support. The Municipality provided electricity to all its township such as Coronation, Hlobane, Vaalbank, Bhekuzulu, Vryheid and Lakeside and Bhekumthetho. The rest of all other areas in rural wards are services by Eskom.

The table below indicates that approximately 72% of the households in AbaQulusi have access to electricity. This marks an increase from 49% recorded in 2007 to 72% in 2011. The number of households using candles for lighting has also decreased from 49% in 2007 to 26% in 2011. The use of paraffin as a source of energy for lighting has also decreased, which is a major safety concern in most rural areas and informal settlements. The municipality is currently providing 50k/w free basic electricity to about 3101 households. Overall, the stats below is a clear indication that the Municipality is on the rise and is making steady progress in providing energy and electricity to its people.

#### Access to Electricity

Access to Electricity	Census	Community Survey
	2011	2016
Number of Households	43 299	51 910
Electricity	31223(72%)	42 708(82%)
Gas	89(0%)	50(0.1%)
Paraffin	246(1%)	253(0.5%)
Candles	11426(26%)	8 208(15.8%)
Solar	125(0%)	518(1.0%)
Other/None	190(0.4%)	170(0.3%)

**131** ranking by electricity for lighting, 72.1% use electricity for lighting

### 3.3.1 HIGHLIGHTS

HIGHLIGHTS	DESCRIPTION
Load - shedding	The municipality use geyser relay system and therefore does not load- shed in town, this is extended to other areas

The table below specifies the service delivery levels for the year:

HOUSEHOLDS		
DESCRIPTION	2018/19	2019/20
	ACTUAL	ACTUAL
	NO.	NO.
<b><i>Energy: (above minimum level)</i></b>		
Electricity (at least min. service level)	2474	3514
Electricity - prepaid (min. service level)	16023	17354
<b><i>Minimum Service Level and Above sub-total</i></b>	<b>18497</b>	<b>20868</b>

### 3.3.2 CHALLENGES

DESCRIPTION	ACTION TO BE TAKEN
Ageing infrastructure	Budgetary provision must be made and additional funding sourced to replace ageing infrastructure
Electricity losses	Replace ageing infrastructure

## 3.4 WASTE MANAGEMENT

**119** ranking by weekly refuse removal, 41.5 households have access

### 3.4.1 Solid waste management

As indicated in the table below a large portion of the municipal population does not receive or are not offered proper solid waste services (i.e. not collected by the municipality, burnt in pit, bury in vicinity, no removal). The number of households receiving refuse removal service once a week has decreased from 36% in 2001 to 32% in 2007 and has now increased to 42% in 2011, indicating a small improvement, however, this is still not acceptable and has had a very negative impact on development and the environment itself.

Table Access to Refuse Service

ACCESS TO REFUSE SERVICE	CENSUS	CENSUS	CENSUS
	2001	2007	2011
Removed by local authority/private company at least once a week	13 264 (36%)	12 921 (32%)	17985 (42%)
Removed by local authority/private company less often	345 (1%)	2 657 (7%)	434(1%)
Communal refuse dump	171 (0%)	799 (2%)	511(1%)
Own refuse	18 218 (49%)	14 821 (37%)	20764 (48%)
No rubbish disposal	5062 (14%)	8 668 (22%)	2728(6%)
Other	1 (0%)	0 (0%)	878(2%)
Total	37 061	39 866	43290

The municipality collects refuse in urban areas only, e.g. Vryheid, eMondlo, Coronation, Hlobane, Vaalbank, Bhhekuzulu, Nkongolwane and Louwsburg. Only 42% of households had an average basic level of service, (removal by municipality once per week).

In terms of the National standard for the weekly Refuse Collection, AbaQulusi Municipality follows the National standards and National Environmental Management Act 107. AbaQulusi Municipality is responsible for waste separation at source, cleansing the streets, collection and disposal at the registered AbaQulusi Landfill site.

In rural areas individuals tend to dispose of waste in pits in their yard and in some areas communal dumping areas are utilized. This can however lead to associated health problems for individuals living in these areas. The Municipality needs to extend the refuse removal services to the rural areas as well. The Municipality should have transfer stations in areas where illegal dumpsites have been closed.

In terms of the National standard for the weekly Refuse Collection, AbaQulusi Municipality is in compliance with the National standards and National Environmental Management Act 107. AbaQulusi Municipality is responsible for waste separation at source, cleansing the streets, collection and disposal at the registered AbaQulusi Landfill site. The following actions have been initiated and implemented to meet the National standard for the weekly refuse collection:

- 1) Bulk containers - AbaQulusi Municipality is currently using bulk containers (Skips) distributed in various locations in Vryheid town, industrial areas, business areas, townships, schools and community centres.
- 2) Collection vehicles - The collection of waste is private.
- 3) Health and Safety – All waste is properly stored in the plastic which prevents the odour as waste is collected once a week in residential areas and daily in town.

- 4) Communication – Monthly meetings are conducted with the Service providers, National and provincial Department: Environmental Affairs, and internal stakeholders. Weekly meeting with the street sweepers.
- 5) To deal with illegal dumps communication between the Municipality and community was undertaken and there has been improvement.
- 6) Recycling station – (Drop-off, transfer station and collection of recyclable waste) is currently not in operational as the Landfill site is under construction/rehabilitation.

## Street Cleaning

Street cleaning is done in town, Vryheid and daily by training and well equipped personal. Street cleaning has improved because a new reporting system whereby a template has been designed to identify challenges faced by the cleaners on their working environment. No municipal recycling is taking place at the moment.

## Waste collection

Waste is collected by the private companies on behalf of the municipality. They collect daily in towns and once a week in residential areas.

## Recycling

Recycling station – (Drop-off, transfer station and collection of recyclable waste) is currently not in operational as the Landfill site is under construction/rehabilitation.

## Disposal

Waste is disposed at a registered landfill site in Vryheid.

## Landfill site

The site is licenced and has an Environmental Authorisation to operate.

### 3.4.2 HIGHLIGHTS

HIGHLIGHT	DESCRIPTION
Refuse removal provided in all urban wards	

### 3.4.3 CHALLENGES

DESCRIPTION	ACTION TO BE TAKEN
Refuse removal is not extended to rural wards	The municipality needs to make considerations to extend possible service in future

### **3.5 HOUSING**

The Housing Unit is responsible for some of the biggest and the most significant capital projects and yet it is the smallest unit within the Development Planning Department.

The Human Settlements Section is responsible for the development and implementation of the Housing Sector Plan. The work of the Human Settlements section is aligned to various national, provincial and municipal policies and plans which guide the planning and implementation of the various Human Settlements projects. These policies and plans include but are not limited to

(a) The Kwa-Zulu Natal Master Spatial Plan (MSP): it sets out the vision for human settlements investment within the province and provides a framework to guide where human settlements investment should be prioritised both at a provincial and municipal level. The MSP was formulated to address the need for a master spatial plan to guide human settlements investment and it identified focus areas for Human Settlements within the province. It also indicated that at least 70% of all discretionary spending (projects) needs to be located within these focus areas. Vryheid which is one of the main towns within AbaQulusi, is located within the provincially identified focus areas and will contribute to the housing delivery targets identified in the MSP).

(b) The Zululand District Growth and Development Plan (ZDGDP) identifies a number of strategic goals and objectives for Sustainable Human Settlement. These include but are not limited to promotion of spatial concentrations so as to provide adequate levels of service and infrastructure to the population in a cost-effective manner.

### **3.6 FREE BASIC SERVICES AND INDIGENT SUPPORT**

The majority of the population in AbaQulusi Municipality is indigent; this has impact of reduced revenue. The Municipality receives the free basic grant from National Treasury, which is utilized to offer the following free basic services:

- Free 50kwh of electricity a month,
- Free rates up to the value of R88, 000,
- Free 6kl of water per month,
- Free refuse,
- These allocations are per the national government policy guidelines,
- The total cost for these Free Basic Services amounts to R 16 919 365

## COMPONENT B: ROAD TRANSPORT

### 3.7 ROADS

The section is responsible for the construction and maintenance of roads infrastructure, laying and cleaning of storm-water drainage, construction and maintenance of walk ways, kerbing and drive-ways. AbaQulusi Municipality consists of rural areas which are far behind in terms of roads infrastructure and the main aim of the municipality is to provide roads to all households of AbaQulusi Municipality.

Integrated development plan document is the main source of development priority, roads are prioritised in terms of usage of the road and number of beneficiaries of the particular road infrastructure.

The municipality managed to provide access to number of households by construction of gravel roads thus providing access to public transport to those communities with the help of Municipal Infrastructure Grant. During the construction of these roads there were job opportunities provided to the community members where projects took place thus alleviating poverty. Most of service providers completed their projects within the specified period resulted to spending 100% on the municipal infrastructure grant allocation. 00

The municipal roads infrastructure passed their life span due to heavy trucks driving through town and bursting of water pipes underneath roads are contributing to the deteriorating of roads infrastructure, despite.

#### 3.7.1 HIGHLIGHTS

Status of the gravel road

DISCRIPTION	PERIOD	
	2018/19	2019/20
Total Gravel roads (km)	693.62	700,32
New Gravel Roads constructed (km)	6.7	6.7
Gravel roads upgraded to Tar/paving (km)	0	
Gravel roads maintained- blading (km)	279.4	250.7

The status of the tarred roads within the Municipality as per June 2020 is presented in the following table.

Status of the tarred road

DISCRIPTION	2018/19	2019/20
Total Tar roads (km)	145.52	146.02
New Tar Roads constructed (km)	0	0.5km
Existing tar roads re-tarred (km)	0	0
Existing tar roads re-sheeted (km)	0	0
Tar roads maintained-Pothole patched (m <sup>2</sup> )	14 521.64	14747.05

**3.7.2 CHALLENGES**

DESCRIPTION	ACTION IN PLACE
Ageing road infrastructure	Source funding to rehabilitate roads
Lack of maintenance funding	Budgetary provision must be made for resealing and maintenance of roads and stormwater
Insufficient plant and equipment	Purchase or hire of plant and equipment

**3.8 TRANSPORT**

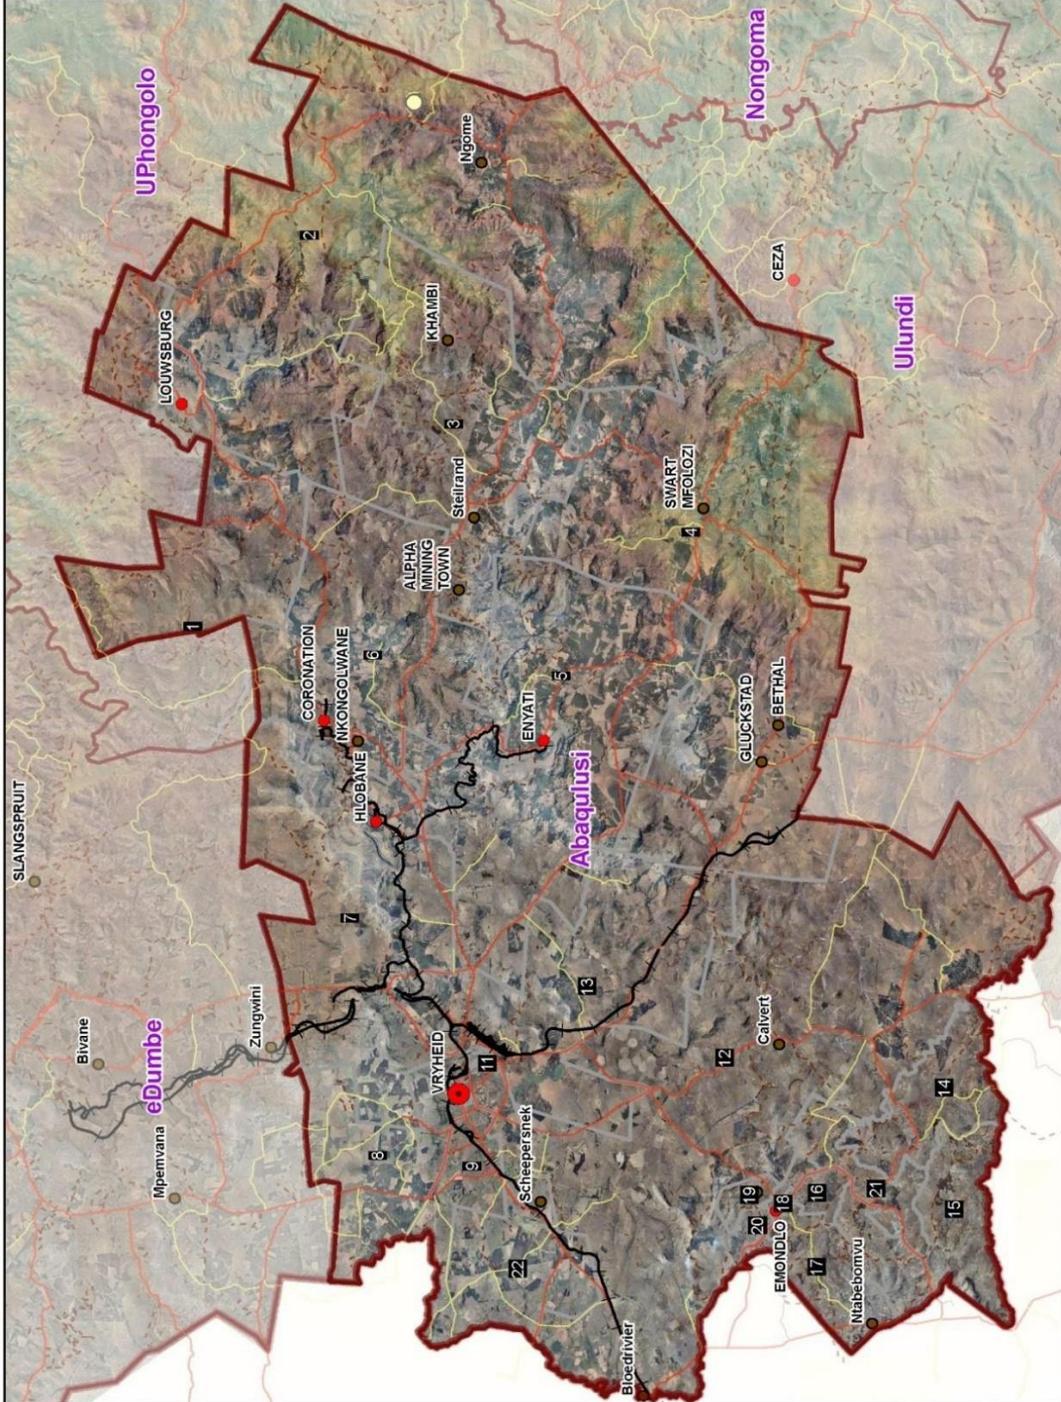

**3.8.1 RAIL TRANSPORT**

AbaQulusi Municipality does not have an established public rail transport system however, there is a railway line that runs through the area connecting the coalfields with areas such as Mpumalanga and Richards Bay. It is used mainly to transport goods between these centres. It passes through AbaQulusi in a north-south direction and at Vryheid, it branches off to the west to Hlobane.

**3.8.2 AIR TRANSPORT**

Although Vryheid is a district regional centre, it does not have a well-established air transport system. A small airport/landing strip is located in Vryheid. It is built to the standard set by the Civil Aviation Authority but is no longer licensed due to budgetary constraints. It is capable of carrying limited cargo. This facility should be seen as an opportunity for the development of the agricultural and tourism sectors. This is particularly important since the area has been identified at a Provincial level as having potential for agricultural development (PSEDP, 2007), and the potential link with Dube Trade Port. The Map below indicates the Transport Network that exist within the AbaQulusi Municipality.

### 3.9 WASTE WATER(STORM WATER DRAINANGE)

The storm-water drainage is constructed in conjunction with roads in the areas, the main challenge experianced in urban areas is dumping in the drainage system which cause blockages and flooding of houses. The municipality have program to educate communities about the danger and risk of dumping everywhere. Communities are encouraged to take out their refuse on days when the refuse truck is collecting refuse in their area, they are discouraged to dump into the drainage sytem.

There were people employed under expended public work program to assist in storm-water drainage cleaning in various areas of the municipality.

<b>STORM WATER INFRASTRUCTURE</b>	<b>2018/19</b>	<b>2019/20</b>
Total Storm-water measures	15000	150150
New storm-water measures	150	
Storm-water measure upgraded	0	0
Storm-water measures cleaned	14 140.50	5654

Table: Status of Storm water in AbaQulusi Municipality

The table below specify challenges during the reporting period

<b>CHALLENGE</b>	<b>ACTION TO BE TAKEN</b>
Inadequate staff	Filling of vacant positions
Shortage of equipment to clean storm water drainage	Purchase or hire equipment
lock down	

### DEVELOPMENT PLANNING

#### 3.10 PLANNING

##### 3.10.1 INTRODUCTION TO TOWN PLANNING AND BUILDING CONTROL

#### TOWN PLANNING

The Town Planning Section falls within the Development Planning Department and comprises of Land Use Management, Spatial Planning and GIS.

The Town Planning Unit manages sustainable urban growth and spatial transformation through the preparation of spatial plans such as the Spatial Development Framework which is the spatial representation of the Integrated Development Plan. It is also responsible for the processing of town planning land use and development applications (rezoning, subdivision, consolidation, special consent, township establishment, etc.) and the monitoring of development in compliance with statutory procedures. It seeks to achieve co-ordinated and harmonious development by promoting health, safety, order, amenity, convenience and improved general welfare. The Town Planning Unit is also responsible for monitoring and enforcing land use development to protect the interests of all Property Owners and Government Agencies against undesirable contraventions of existing legislation and acceptable norms in the interests of maintaining a safe and healthy environment of the residents of AbaQulusi.

The Spatial Planning and Land Use Management Act, 2013 (Act No. 16 of 2013) and The AbaQulusi Spatial Planning and Land Use Management By-law and Town Planning Scheme serve as the legislative framework for all land use planning and development.

GIS develops, maintains and interrogates spatial data in order to provide relevant information that will assist with decision making across the AbaQulusi Municipality. It also provides continual maintenance and capturing of zoning and land use data on the GIS for properties that fall within the area of the scheme and continuous exchange of GIS data with Zululand District Municipality to be able to provide information to the general public and other internal departments.

## A. BUILDING INSPECTORATE

The Building Inspectorate Office operates in line with the National Building Regulations and Building Standards Act, 103 of 1977 and SAN10400 to ensure compliance with the submissions of building plans. This office is also responsible for the monitoring and enforcing that structures/buildings are erected in line with the standards of NBR. Building Inspectorate issues occupation certificates once a building is complete and is compliance with the NBR. Building Inspectorate also investigates illegal buildings and issues out guilt fines. Further to the above the Building Inspectorate acts in the interest of the community of the AbaQulusi Municipality by ensure all building structures are safe and sustainable.

### 3.10.2 HIGHLIGHTS: TOWN PLANNING AND BUILDING CONTROL

The table below indicates highlights for the year

HIGHLIGHTS	DESCRIPTION
AbaQulusi wall-to-wall Scheme – Urban Component	Final AbaQulusi Urban Land Use Scheme to be approved by Council by October 2020
Shoba Township Establishment – Portion 5 of the Farm Welgevonden No. 287	Project is currently in the pre-application phase in Terms of SPLUMA
Nkongolwane Township Establishment	SCM to appoint conveyancer to open the township register
Compliance of NBR timeframes	The building plans must be approved within 30 days if its less than 500sqm if its more than 500sqm, its 60 days. The municipality has been able to approve building plans within the NBR timeframes

### 3.10.3 CHALLENGES

The table below specifies challenges for the year

CHALLENGES	ACTION TO BE TAKEN
Municipal Planning Registrar to be appointed in terms of SPLUMA	Position to be prioritized in the 2019/2020 budget
No peace officers within the Planning Office to ensure enforcements of Planning By-laws	Peace Officer Training to be conducted for the Planning staff.
Appointment of a legal person that is well versed with the planning laws and to take legal action	That municipal legal team go for training on planning laws or an external legal adviser be

CHALLENGES	ACTION TO BE TAKEN
against contraveners in terms of obtaining demolition order, court interdicts, etc.	appointed be appointed.
Appeals Authority requires further training	Technical Advisers be appointed to assist the Appeal Authority is take decisions that are compliant with all the relevant laws
Illegal developments without submission of building plans	More staff to be appointed to help identify illegal structures as we are short staffed.
Outdated filing system	New filing system
Fines cannot be issued; peace officer training is needed	Peace officer training

### 3.10.4 STATISTICS: TOWN PLANNING AND BUILDING CONTROL

The table below specifies the service delivery levels for the year

APPLICATION FOR LAND -USE DEVELOPMENT				
DETAIL	SPLUMA APPLICATIONS		BUILDING PLANS ASSESSED	
	2018/19	2019/20	2018/19	2019/20

Approximate value (Rand)	R60 774 220.00	R39440.00
Land use applications processed		

### 3.11 LOCAL ECONOMIC DEVELOPMENT

Local Economic Development is an approach towards economic development which allows and encourages local people to work together to achieve sustainable economic growth and development thereby bringing economic benefits and improved quality of life for all residents in a local municipal area.

As a programme, LED is intended to maximise the economic potential of all municipal localities throughout the country and, to enhance the resilience of the macro-economic growth through increased local economic growth, employment creation and development initiatives within the context of sustainable development. The “local” in economic development points to the fact that the political jurisdiction at a local level is often the most appropriate place for economic intervention as it carries alongside it the accountability and legitimacy of a democratically elected body.

#### 3.11.1 INTRODUCTION TO LOCAL ECONOMIC DEVELOPMENT

The unit amongst others is responsible for the following:

##### SMME Development

- Capacity building
- Formation of cooperatives

##### Agriculture

- Poverty alleviation
- Promotion and development of cooperatives

##### Tourism

- Promotion of local tourism
- Development of local SMMEs
- Development of accommodation sector

CHALLENGE	ACTION TO BE TAKEN
LED does not have Budget	Prioritise budget allocation for LED

## COMPONENT D: COMMUNITY AND SOCIAL SERVICES

### 3.12 LIBRARY AND MUSEUM

AbaQulusi Municipality is proud to have four public libraries and that meet the needs of the different communities. The main library is Vryheid Public Library All libraries are equipped with free computers and internet access except BhekuZulu Library for the creation of documents and research purposes. Many community members make use of the library to access the internet and do work, to read newspapers and to page through the latest magazines.

Library Services are fully funded by Provincial Library Services (DCAS) and national government. Although library staff is on the municipal payroll, the Municipal Replacement Funding (MRF) and conditional grant cover salaries and benefits.

#### 3.12.1 HIGHLIGHTS: LIBRARY SERVICES

The table below specifies the highlights for the year:

HIGHLIGHTS	DESCRIPTION
Basic Computer training	The municipality provide basic computer training to its community

CHALLENGE	ACTION TO BE TAKEN
Accessibility of library services in remote areas	Engage Department of Arts and Culture for consideration to extend service to remote areas

The table below specifies the service statistics for the year:

TYPE OF SERVICE	2018/19	2019/20
Library members	Vryheid Library 6263 Bhekuzulu Library 245 Mondlo Library 2628 <b>Total 9133</b>	9453 – only 320 new members due to closure of libraries (COVID 19)
Books circulated	Vryheid Library 333378 Bhekuzulu Library 2070 Mondlo Library 2510 <b>Total 37958</b>	25619
Exhibitions held	<ul style="list-style-type: none"> <li>• reflection on international, national and local trends monthly</li> <li>• displays as part of educational awareness, 12</li> </ul>	08
Internet users	<b>690</b> community members completed their computer training as part of	567
Children's' programmes	4 holidays programmes done during school holidays	02
Visits by school groups	32 schools visited for library orientation	17

## MUSEUM

AbaQulusi municipality has one main museum which serves as the quarters of the history of Vryheid. The museum is named after Lucas Meijer in his honour as the first and the last president of the new republic which is the republic that was formed between 1884 -1888 within the jurisdiction of AbaQulusi. The role of the museum is the collection of the heritage and cultural items that are unique, significant and which reflect our cultural diversity.

The main role of the museum is to promote and advance awareness about the character and the importance of the museum in social development of the community of AbaQulusi. Lucas Meijer museum manages collections of artefacts or works of art. This includes dealing with the acquisition, care and display of items with the aim of informing and educating the public. It's essential for museums, galleries, and heritage and tourism attractions to develop collaborative relationships, share collections and disseminate information with the aim to construct innovative and creative exhibitions that appeal to a wide cross-section of the general public. Developmental programmes and projects implemented by the museum are as follows:

1. Exhibition – daily visit by tourist, researchers and scholars.
2. History lessons / sessions
3. Donation of historical precious items

4. Research- Local history
5. Lucas Meijer Museum Day Celebration

The table below indicates challenges for the reporting period

CHALLENGE	ACTION TO BE TAKEN
Lucas Meijer museum still needs a transformation in order to incorporate the history of the Nguni linguistic groups.	AbaQulusi Municipality and Provincial museums services are currently conducting a research on tribes and indigenous people who settled in Vryheid.

### 3.13 CEMETERIES AND CREMATORIIUMS

A cemetery or graveyard is a place where the remains of deceased people are buried or otherwise interred. The cemetery yards are maintained daily by the staff and burial take place at any day as requested by the family. The burial is between 7:30am - 4:00pm daily.

The AbaQulusi Municipality does not provide cremation. Currently the municipality has 6 cemeteries, located in Vryheid, Hlobane, Coronation, Mondlo, Louwsburg and Nkongolwane, however, according to municipal statistics, some of these cemeteries have now reached their life-span and have run out of space while the others are also in danger of reaching their life-span and is fast becoming a top priority for the municipality. The municipality is constantly working on establishing new sites for cemeteries and exploring the opportunities of expanding the current existing cemeteries. Poor maintenance and budget constraints have also hindered and compounded to the issues surrounding the cemeteries. According to the Zululand District Cemetery Plan, the status of cemeteries within AbaQulusi is as follows:

- **Vryheid Cemetery:** The potential extension of the existing cemetery to the south should be investigated, or a new site will be identified. An area of about 6 ha would be required up to 2020.
- **Bhekuzulu Cemetery:** The existing cemetery is full and a new cemetery site has been identified to the Northeast of the existing cemetery, between the bypass road and the railway line. The new site has an approximate area of about 10 ha which should be sufficient for about 15 years. A further 5 ha would be required up to 2020 (refer graphs below). The municipality reported that trial pits in the new site indicated a perched water table and the extent of the water table must be investigated.
- **Emondlo Cemetery:** The original cemetery is full and has been extended into the open veld surrounding the cemetery. The municipality has acquired the new 27 hectares for extension and planning principles are essential for the cemetery to be registered. The obtainable land suggests that the lifespan of this cemetery will reach 2020 and beyond considering the current death rate

- **Louwsburg:** The existing cemetery has an estimated lifespan of more than 10 years. The potential extension of the cemetery to the east or west should be investigated. An area of 1 ha should be sufficient up to 2020.
- **Nkongolwane:** The existing cemetery has an estimated lifespan of approximately 5 years, with extension possibilities to the south and southwest.
- **Coronation:** The cemetery at the Coronation mine has space available for approximately 3 000 graves, and a life expectancy greater than 10 years. Potential for expansion exists to the east of the existing cemetery.
- **Gluckstadt:** The cemetery is situated behind the Lutheran Church in Gluckstadt and has space for approximately 500 graves. The life expectancy of this cemetery is in excess of 5 years. The cemetery can be extended to the north, east and south.
- **Hlahlindlela:** A total area of about 7.5 ha will be required for the development of cemeteries up to 2020 in this tribal area. The cemeteries should be positioned, taking in consideration the development nodes as identified in the IDP in consultation with the traditional leaders.
- **Khambi:** The land area required for the development of cemeteries in Khambi and Khambi extension up to 2020 is 3, 5 ha and 2, 5 ha respectively. The cemeteries should be positioned, taking into consideration the development nodes as identified in the ZDM IDP in consultation with the traditional leaders.
- A need for a new sub-regional cemetery has been identified, and a search for appropriate land has been initiated. Other critical issues in respect of cemeteries include the following:
  - Need to investigate feasibility of cremation and recycling of graves considering religious and cultural differences.
  - All existing cemeteries need fencing.
  - Need to provide water and sanitation in all cemeteries.

**3.13.1 HIGHLIGHTS**

HIGHLIGHTS	DESCRIPTION
Identified new land for extension of cemeteries	Processes to identify land for cemeteries is ongoing
Regular maintenance of cemeteries	Cemeteries are maintained regularly

**3.13.2 CHALLENGES**

DESCRIPTION	ACTION TO ADDRESS
Limited space	Extension of cemeteries is required

**3.13.3 SERVICE STATISTICS FOR CEMETERIES**

The table below specifies the service delivery levels for the year:

TYPE OF SERVICE	2018/19	2019/20
Pauper Burial	44	24

**3.13.4 CAPITAL: CEMETERIES**

There were no capital projects undertaken for the 2019/20 financial year and land acquisition processes is looked into and consideration will be made once finalized.

## COMPONENT E: ENVIRONMENTAL PROTECTION

Although environmental protection and management vests primarily with the Provincial Department of Environmental Affairs and Development Planning, certain environmental functions are the responsibility of the Municipality. These include air and noise pollution, biodiversity and landscape management, and coastal protection.

The AbaQulusi Municipality is among many municipalities that have had large areas of vegetation transformed as a result of one kind of land use or another. Wide spread land transformation occurs mainly in Wards 14 to 20 along the western part of the municipality and Wards 7 to 11 in the north western part. Other areas where significant transformation has occurred are in Wards 5 and 3 at the southern end of the municipality.

## COMPONENT F: HEALTH

The Abaqulusi Municipality has one public hospital and 12 clinics servicing the population of 211 060 people. An application of the planning standard (5000 households per clinic) for the provision of clinics reveals a backlog of about 24 clinics for Abaqulusi Municipality area of jurisdiction (Data Source: ZDM Health Sector Plan {2004}).

The HIV/AIDS pandemic is major concern in all municipalities around the country. In order to reduce the levels of HIV/AIDS in the Abaqulusi region, the Municipality has set-up a fully functional Local AIDS Council, which are well represented by various stakeholders. The OSS Task Team Members also play a very active role in ensuring that the fight is won at local levels under the collaborative strategies like establishing War-rooms at Ward levels.

**3.17 SAFETY AND SECURITY**

This component includes: traffic; law enforcement; fire and disaster management. Municipality is eager to ensure a safe environment for the public, personnel and councilors. The Municipality therefore makes use of private security firms to ensure the safety of the personnel and councilors, as well as members of the public that visit municipal offices.

**3.17.1 INTRODUCTION TO TRAFFIC SERVICES**

The Municipality renders a comprehensive traffic service including traffic law enforcement, road markings, road traffic signs, law enforcement in general and a shared disaster management in conjunction with the Zululand District Municipality.

The endeavor to educate and create a culture of compliance and willingness to obey to traffic law, rules and regulations and operate on the legal mandate of NRTA 93/96 and NLTA 5/2009. Operational activities *inter alia* include roadblocks, high visibility, random vehicle checkpoints, execution of traffic related warrants and traffic laws and policing of municipal by-laws.

Traffic also partner with other law enforcement agencies, like the SAPS, RTI, Magistrate Court and Provincial Traffic Services to minimize road deaths and other crime related problems.

Several awareness campaigns regarding road safety and fire protection are conducted throughout the year.

The table below specifies the highlights for the year:

HIGHLIGHT	DESCRIPTION
Services is provided after hours	The municipality has extended its service beyond normal working hours

The table below indicates challenges for the year:

CHALLENGE	ACTION TO BE TAKEN
Office to provide other functions within the section	Funding application to CoGTA

The table below indicates specify service delivery for the year:

DETAILS	2018/19	2019/20
Motor vehicle licenses processed	1200	3500
Learner driver licenses processed	1112	1360
Driver licenses processed	1200	1890
Driver licenses issued	1522	3671
Fines issued for traffic offenses	250 000	305 000
R-value of fines collected	2 66 600	3 600 00
Roadblocks held	8	12
Complaints attended to by Traffic Officers	8	15
Number of officers in the field on an average day	14	14
Number of officers on duty on an average day	14	14

### 3.17.2 DRIVING LICENCE TESTING CENTRE, VEHICLE AND MOTOR LICENCING

The co-function of the centre is to provide an effective system for the following functions. Application for learners and driving licensing test, PrDP, Instructors certificate, Learners and driving licensing bookings, renewals of driving licensing cards, applications for vehicle road worthy test is currently suspended and converting of foreign driving licenses as per the National Road Traffic Act 93 of 1996 which is a computerised system.

### 3.17.3 MOTOR LICENSING BUREAU

The co-function of the centre is to register motor vehicles and licence renewals, application for change of motor vehicles details, special and temporal permits and change of ownership. This is done with all approved fees determined by the Department of Transport, 8.5 % of the daily takings are given to the Municipality.

### **3.17.4 POLICE**

There are six police stations located within AbaQulusi Municipality area of jurisdiction, namely:

- Vryheid
- eMondlo
- Gluckstadt
- Louwsburg
- Driefontein
- Ngome

The AbaQulusi Public Safety Section which forms part of the Community Services Directorate also responsible for the traffic law enforcement, including road blocks, speed control, attending to road accidents, enforcing Bylaws, conducting road safety, motor vehicle testing and licensing. Its additional functions include crime prevention, and participation in Community Policing Forums (CPF) and supporting the Neighbourhood Watches that exist around the various areas. It also renders services in disaster risk management, however, the operations of this unit are limited by the shortage of both financial and human resources

### **3.17.5 CRIME PREVENTION**

This is the attempt to reduce and deter crime and criminals. It is applied specifically to the efforts made by all spheres of government to reduce crime, enforce the law and maintain criminal justice. Traffic Officers are Peace Officers according to the Criminal Procedure Act 51 of 1977 to assist in crime prevention during their normal duties. Monthly meeting is held with the South African Police Services and Community Policing Forum.

### **3.17.6 SECURITY**

The co-function of security services is to provide proper security for all Municipal buildings, equipment, staff and consumers to reduce theft and risks. The Municipality has appointed Qomukufa Security. This service provider is expected to provide security solutions to the Municipality to minimise theft of Municipal assets.

## **3.18 DISASTER MANAGEMENT**

The AbaQulusi Local Municipality currently has a Disaster Management Centre where disaster management functions are fully rendered. However, it must be noted that the municipality still requires assistance from all relevant stakeholders in order to have a fully functional and effective unit within the municipality due to the lack of capacity and limited funding. The municipality is in possession of Disaster Management Sector Plan which is to be reviewed annually.

Highlights on disaster management are indicated on the table below

HIGHLIGHTS	DESCRIPTION
Response to incidents timeously	The municipality is able to provide quick response in time
	Conduct risk assessment in time
Awareness campaign on disaster management	The municipality educates the community on disaster and this has positive impact on disasters

CHALLENGE	ACTION TO BE TAKEN
Shortage of staff	Prioritisation to fill vacant positions

### 3.19 SPORT AND RECREATION

In terms of our mandate we make facilities, such as sport fields, available to the broader community. The Municipality is responsible for development of the facilities and the upgrade thereof whilst the sport clubs leases the facilities and agreed upon, must maintain it.

The Municipality develops and maintains recreational parks and halls. This places an enormous financial burden on the Municipality, with its limited staff capacity and finances.

The key responsibility of the section is to initiate and implement social upliftment programmes and developmental projects in the following units:

1. Sports and Recreation
2. Arts and culture
3. Historical, Heritage & Museum Services
4. Educational Programmes and Library Services

AbaQulusi municipality sport and recreation serves as the co-ordinating body for the community to seize sport and recreational developmental opportunities through programmes such as

1. Zululand Ultra Marathon
2. AbaQulusi municipality mayoral cup tournament
3. Zululand district Municipality Mayoral Cup Tournament
4. Golden games (local, district, provincial and national competitions)
5. Indigenous games (local, district, provincial and national competitions)
6. SALGA KZN Games

All programmes and projects for sports and recreation are implemented in joint venture with KZN department of sports and recreation (KZN DSR), Zululand District Municipality and AbaQulusi Municipality Sport Council. The provision of recreational facilities is sheltered by the availability of sport fields, sport stadiums and community halls. Parks and halls are managed by the Municipality and they are available for hire to the community.

The Municipality is also responsible for maintaining community parks throughout the area

#### 3.19.1 HIGHLIGHTS

No measure highlights for the current year as compared with previous year(2018/19) this is because of the challenge posed by COVID 19 pandemic.

### 3.19.2 CHALLENGES

CHALLENGE	ACTION TO BE TAKEN
Vandalism of halls by irresponsible citizens	Strengthen security and full provision of caretaker
Very low tariffs affect revenue generation, thus hinder developments within our facilities	

### 3.19.3 SERVICE DELIVERY LEVEL STATISTICS

The table below specifies the service delivery levels for the year:

TYPE OF SERVICE	2017/18	2018/19	2019/20
<b>Community parks</b>			
Number of parks with play park equipment	1	1	1
Number of wards with community parks	5	5	5
<b>Sport field</b>			
Number of wards with sport fields	22	22	22
R-value collected from utilization of sport fields			

## SERVICE DELIVERY PERFORMANCE REPORT PART II

Cecil Emmet Hall

Coronation Hall

Ncengumusa Creche

Tarring of KwaBalele to Police Station

Ezingadini Low Level Bridge

Louwsburg Taxi Rank

## 1. INTRODUCTION AND LEGISLATIVE REQUIREMENTS

This Annual Performance Report has been compiled in compliance with the requirements of section 46 (1) of the Local Government: Municipal Systems Act, 2000; which stipulates as follows:

- (1) A municipality must prepare for each financial year a performance report reflecting—*
- (a) the performance of the Municipality and each external service provider during that financial year;*
  - (b) a comparison of the performance referred to in paragraph (a) with targets set for performance in the previous financial year; and*
  - (c) measures taken to improve performance.*

In addition, Regulation 7 (1) of the Local Government: Municipal Planning and Performance Management Regulations, 2001 states that “A Municipality’s Performance Management System entails a framework that describes and represents how the municipality’s cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organised and managed, including determining the roles of the different role players.” Performance management is not only relevant to the organisation as a whole, but also to the individuals employed in the organisation as well as the external service providers and the Municipal Entities. This framework, *inter alia*, reflects the linkage between the IDP, Budget, SDBIP and individual and service provider performance.

The format of the report will reflect the Municipality’s Key Performance Indicators (KPI) per Municipal Key Performance Area. Each Key Municipal Key Performance Area (KPA) have number of Municipal Key Focus Areas (KFA’s) which was specifically designed by the Abaqulusi Municipality to focus its development initiatives in a more coherent and organised manner.

This report will also endeavour to report to Council the Municipality’s performance in terms of the five (5) National Government’s Strategic Key Performance Areas for local government, which are,

- (1) Basic Service Delivery
- (2) Municipal Institutional Transformation and Development;
- (3) Social and Local Economic Development;
- (4) Municipal Financial Viability and Management and
- (5) Good Governance and Public Participation and
- (6) Cross –cutting interventions

## 2. PERFORMANCE MANAGEMENT OVERVIEW AND PROCESS

The Municipal Planning and Performance Management Regulations stipulate that a municipality's Performance Management System (PMS) must entail a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organised and managed, including determining the roles of the different role-players.

AbaQulusi developed its PMS Policy framework to ensure a functional and improved performance. The following processes were undertaken during 2019/20

- Departments were assisted to review their SDBIP in line with key strategic documents
- PMS unit provided support on SDBIP adjustment
- Support provided on performance reporting to Technical and Community Services departments
- Quarterly Departmental PMS reports submitted to Internal Audit,
- Audit Committee, Executive Committee and Council;
- In-year Section 72 report process
- Auditing of performance information
- Annual report process

Legislative reporting requirements indicated in the table below were complied with.

FREQUENCY AND NATURE OF REPORT	MANDATE	RECIPIENTS
<b>Monthly reporting on actual revenue targets and spending against budget no later than 10 working days after the end of each month</b>	Section 71 of the MFMA	National Treasury
<b>Quarterly progress reports</b>		Municipal Manager Executive Mayor Audit Committee National Treasury
<b>Mid – year performance assessment (assessment and report due by 25 January of each year)</b>	Section 72 of the MFMA Section 13(2) (a) of the Municipal Planning and Performance Regulation of 2001	Municipal Manager Executive Mayor Audit Committee National Treasury Council Audit Committee National Treasury

Table 01: Legislative reporting requirements

## 3. PERFORMANCE SUMMARY ON KEY PERFORMANCE AREAS

### 3.1 Organisational Scorecard

The organisational performance is evaluated by means of Organisational scorecard (Top Layer SDBIP) at organisational level and through the Service Delivery Budget Implementation Plan (SDBIP) at departmental levels.

The SDBIP is a plan that converts the IDP and budget into measurable criteria on how, where and when the strategies, objectives and normal business process of the municipality are implemented. It also allocates responsibility to directorates to deliver the services in terms of the IDP and Budget.

The MFMA Circular No.13 prescribes that:

- The IDP and budget must be aligned;
- The budget must address the strategic priorities;
- The SDBIP should indicate what the municipality is going to do during next 12 months; and
- The SDBIP should form the basis for measuring the performance against goals set during the budget /IDP processes.

The SDBIP was prepared as described in the paragraphs below and approved by the Mayor. The details of how the municipality performed in each key performance indicator is articulated in the SDBIP Scorecard “Annexure A” The overall assessment of actual performance against targets set for the Key Performance Indicator.

Performance under each National Key Performance Area is depicted under number 4 from page 14 of this report.

### 3.1.1 ORGANISATIONAL SCORECARD (TOP LAYER SDBIP)

#### *Background to the Organisational Scorecard*

The Municipal Scorecard **Annexure “A”** approach reflects the 6-national government KPA’s which are

- (a) Basic Service Delivery and Infrastructure Development
- (b) Municipal Transformation and Institutional Development
- (c) Financial Viability and Management
- (d) Local Economic Development and Social Development
- (e) Good Governance and Community Participation
- (f) Cross Cutting Interventions

and local priorities which enables a wider assessment of how the municipality is performing. The performance report is based on measures included within the Municipal Scorecard. This incorporates 48 focus areas selected from the IDP and implemented through the SDBIP which was approved by the mayor on the 26<sup>th</sup> of July 2019. Periodic monitoring was undertaken on quarterly basis through submission of quarterly performance reports to Executive Committee and Council and the all other structures indicated under performance management overview process on page 08 of this report. The criteria used reflect factors such as previous performance levels and comparative performance.

*Adjustment of the SDBIP was undertaken in line with the adjustment Budget and was approved by Council on the 25<sup>h</sup> of February 2020.*

Special adjustment was undertaken on Budget after COVID 19 pandemic and it was also necessary that the 2019/20 SDBIP Adjustment be amended accordingly and was approved by Council on 30 June 2020.

Performance is therefore reported in line with 2019/20 SDBIP Adjustment amendment.

*Actual Performance is colour coded as follows:*

- **Green**  : Performance meets target, and indicated as target met
- **Red**  : performance does not meet target, the target set was not met /is not 100%

*In relation to the 2018/2019-year end performance results, the final position shows that:*

- *Out of 108 targets set 51 (fifty-one) were met and 57 (fifty -seven) were not met giving 47% (forty -seven) percent performance*

*In 2019/20-year, end results the final position shows: performance results, the final position shows:*

- *Out of 133 targets set 64(sixty - four) were met, giving 48% (fourty - eight) percent performance and 68(sixty-eight) were not met one target relating Key Performance Area, Basic Service Delivery & Infrastructure Development is not applicable to the reporting period and therefore cannot be reported.*

SDBIP Ref. 8 - Paving of Lakeside Roads (phase 3) under Key Performance Area, Basic Service Delivery & Infrastructure Development is not applicable to the reporting period, the project phase (project design) was completed in March 2019 and should not have formed part of the 2019/20 SDBIP

## 4. PERFORMANCE HIGHLIGHTS ON EACH KEY PERFORMANCE AREA

This section indicates, in more detail, the performance of the municipality for the financial year under each performance area and makes reference to the supporting documentation, including the Municipal Scorecard. Each performance area is narrated in details, challenges are indicated and measures taken to improve performance as follows:

### 4.1 Basic Service Delivery

*The overall score for this KPA is 50% for 2019/2020 up by 29% from 2018/2019*

Details on each key performance indicators performance under this KPA is indicated on the organisational scorecard, annexure “A”

#### 4.1.2 Challenges

- Some projects delayed due to national lockdown as a result of COVID 19 pandemic

- Capacity constraints was also experienced with the resignation of the Executive Director Technical Services in 2018.

#### 4.1.3 Measures Taken to improve Performance

- Some project phased reprioritised due to COVID 19 pandemic i.e. Upgrade of Shoba road, Upgrading of Ext 16 (SASCO) Roads Phase 1, Upgrading of Nkotheni Road Phase 1

### 4.2 Municipal Institutional Development and Transformation

The overall score for the KPA is 72% for 2019/20, up by 8% from 2018/2019 and graphically indicated below.

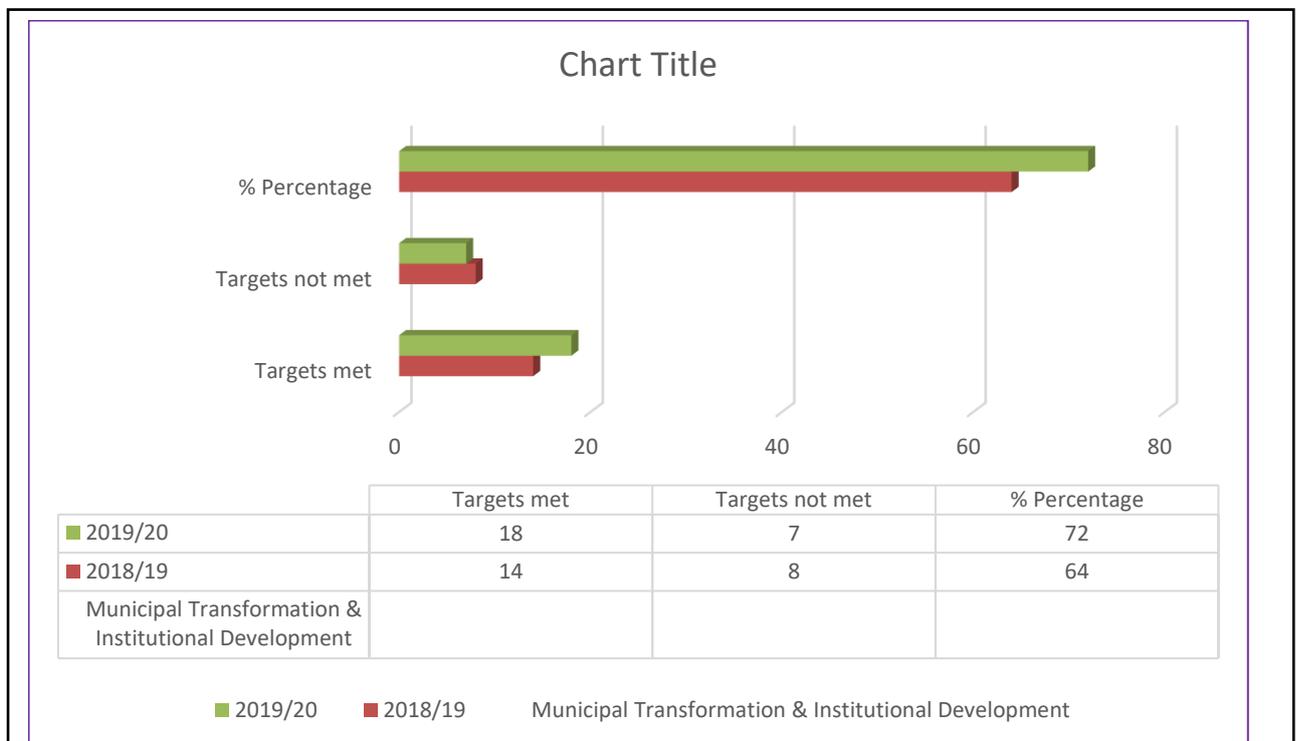

Figure 02: Municipal Transformation & Institutional Development

#### 4.2.3 Measures Taken to improve Performance

- Strengthen the functionality of LLF

### 4.3 Social & Local Economic Development

The overall score for the KPA is 53% for 2019/20, up by 6% from 2018/2019 and is graphically indicated below

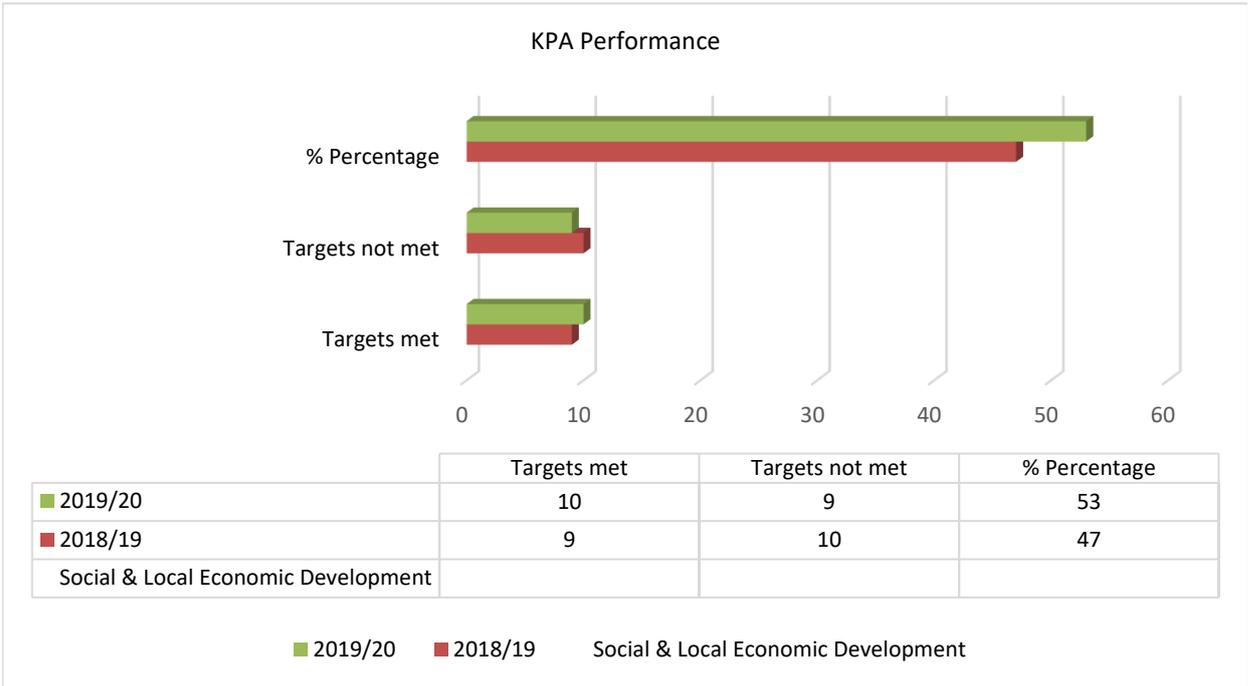

Figure 03: Social & Local Economic Development

### 4.3.1 Challenges

- LED capacity unit constraints since LED Manager position became vacant

### 4.3.2 Measures Taken to improve Performance

- LED Manager position advertised

## 4.4 Municipal Financial Viability and Management

The overall score for the KPA is 53% for 2019/2020, up by 6% from 2018/2019 and is graphically indicated below

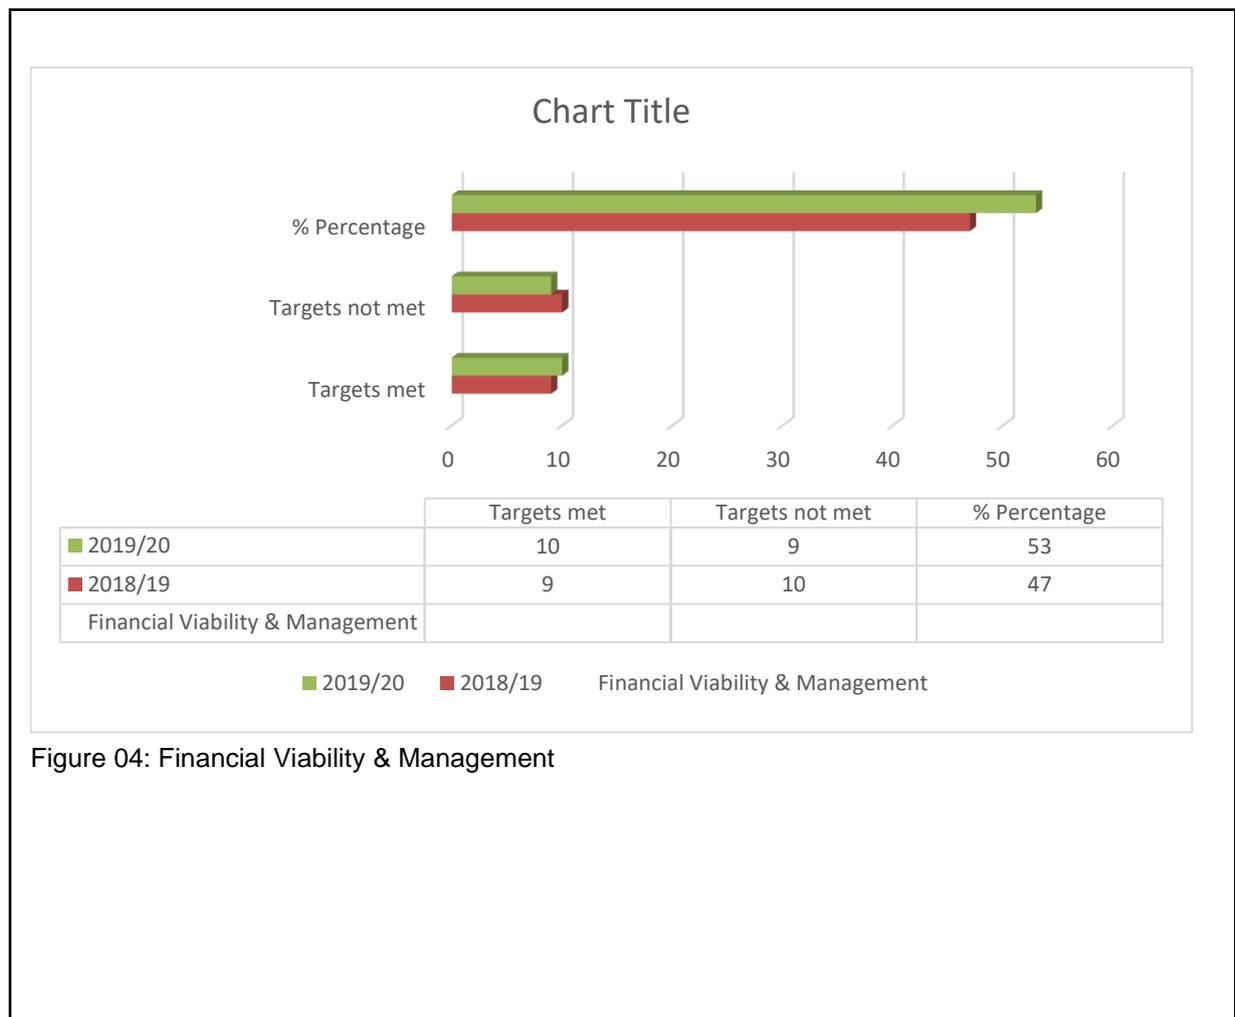

Figure 04: Financial Viability & Management

Details on how each KPI performed is indicated in the organisational scorecard.

#### **4.4.1 Performance Highlights for 2019/20**

Despite prevailing challenges of COVID 19 pandemic, collection rate of 90% was achieved by 30 June 2020

#### **4.4.2 Challenges**

- Tabling of Draft Budget and Final Budget delayed as a result, operations affected by COVID 19 pandemic
- Asset Management capacity constrained and required consideration in the next financial year (2020/21)

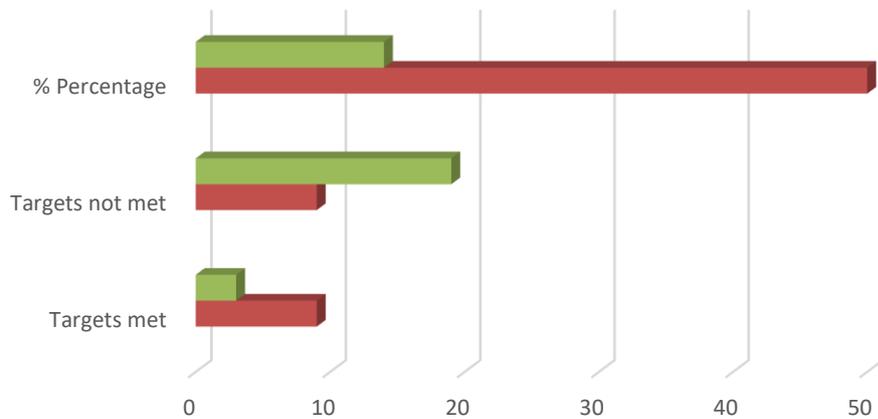

#### **4.4.3 Measures Taken to improve Performance**

- Prioritise establishment of Asset management function

#### **4.5 Good Governance and Public Participation**

*The overall score for the KPA is 14% for 2019/2020, down by 36% from 2018/2019 and is graphically indicated below*

### KPA Performance

	Targets met	Targets not met	% Percentage
2019/20	3	19	14
2018/19	9	9	50
Good Governance & Community Participation			

2019/20 2018/19 Good Governance & Community Participation

Figure 05: Good Governance & Community Participation

## Challenges

Delays in most targets under this KPA for the 4<sup>th</sup> quarter due to COVID 19 pandemic

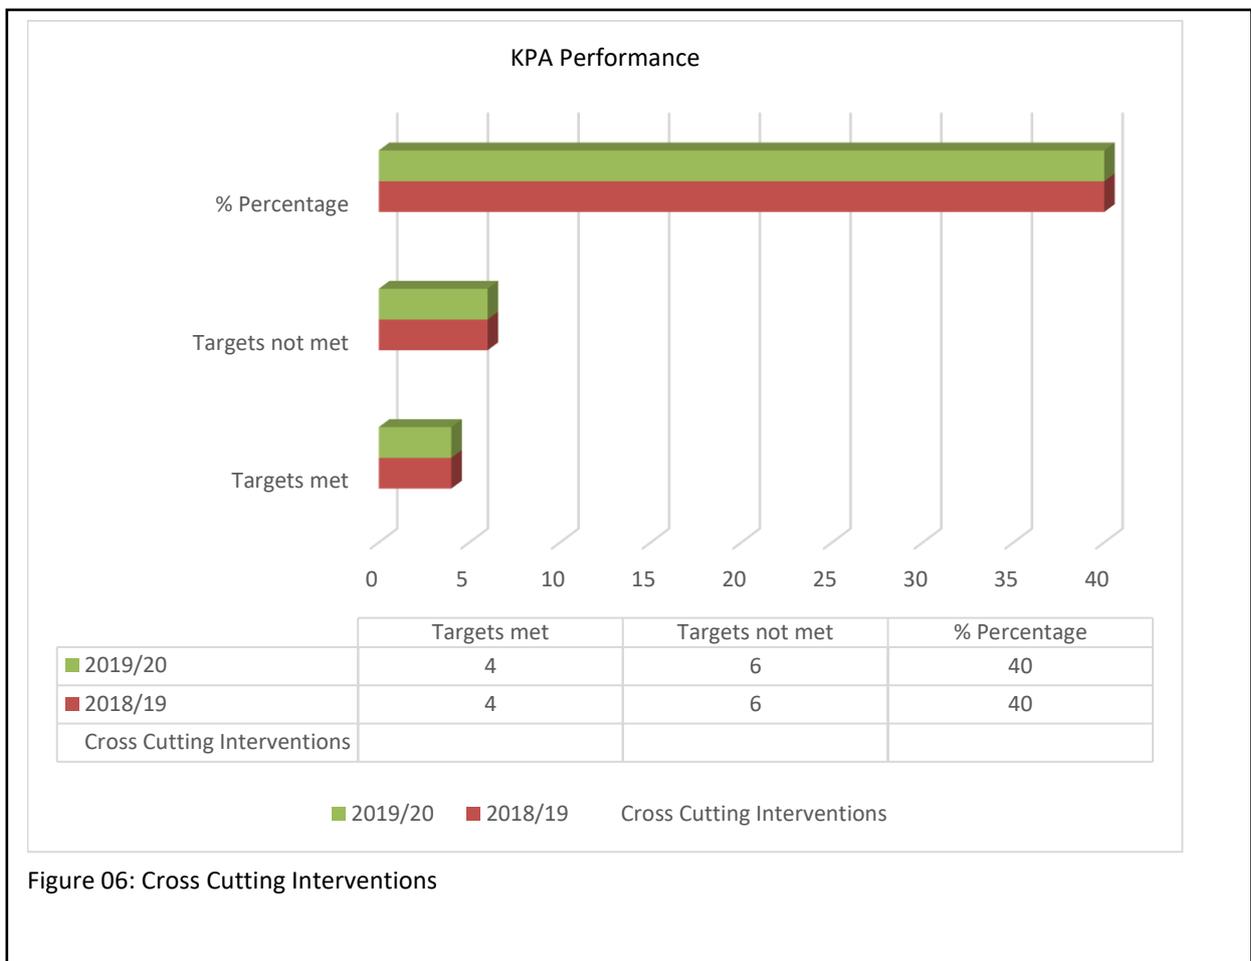

### 4.5.1 Measures Taken to improve Performance

- Resuscitate the functionality of good governance committees i.e. risk management committee
- Prioritise capacity building on Batho Pele

### 4.6 Cross-Cutting Interventions

The overall score for the KPA is 40% for 2019/2020 and had no change as compared to 2018/2019

Details on how each KPI performed is indicated in the organisational scorecard and graphically indicated below

#### 4.6.1 Challenges

**SHOBA Township Establishment:** delay in receiving comments and additional information from stakeholders

**Nkongolwane Township Establishment:** financial constraints restricted the timeous execution of this project.

**Vryheid Landfill Township Establishment:** financial constraints restricted the timeous execution of this project.

#### 4.6.2 Measures taken to improve performance

**Nkongolwane Township Establishment:** this project is anticipated to be complete by 31 March 2021 taking into consideration the regulations related to COVID-19.

**SHOBA Township Establishment:** the municipality is working closely with the consultant in fast-tracking comments required from Sector Departments and other external Stakeholders.

This phase is anticipated to be complete by 31 March 2021 taking into consideration the regulations related to COVID-19.

**Vryheid Landfill Township Establishment:** this project is anticipated to be complete by 31 March 2021 taking into consideration the regulations related to COVID-19.

## 5. KEY AREAS TO NOTE

### 5.1 Improving Performance

This section highlights key areas for improving of performance, even in the cases where the targets have been met or not met and no major improvement for the current period.

The following KPAs indicated improvement

- Basic Service Delivery and Infrastructure Development
- Municipal Transformation & Institutional Development
- Social and Local Economic Development

The following KPAs regressed from 2018/19

- Financial Viability and Management
- Good Governance and Public Participation

Cross Cutting Intervention KPA had no change in performance from previous year (2018/19)

The following issues have impact on municipal performance to a certain level and require considerations thereof,

- **Governance structure stability:** is very crucial in the overall performance of the municipality and must always enable timeous decision making to avoid poor performance and taking remedial action in time.
- **Vacancy on key Strategic positions position:** i.e. Director Technical Services and Director Community Services had a negative impact on service delivery
- **Prioritisation on filling strategic position:** to facilitate decision making and improving performance in respective key performance areas
- **Performance driven culture:** to be instilled at all levels

### 5.2 Deteriorating Performance

One of the biggest challenges was lack of adherence to time-frames in terms of the PMS Standard Operating Procedures compromising effect of all due processes to enable a functional, reliable and compliant performance management

## 6. ASSESSMENT OF SERVICE PROVIDERS

The monitoring of the service provider performance is ensured through the signing of the Service Level Agreement. It is currently being done by user department levels. The end user department is providing monthly reports to the SCM unit as well. Service providers who fail to perform are reported to SCM and the necessary action is taken including the termination of the contract or cancellation of an order.

Assessment Key	
<b>Good (G)</b>	The service has been provided at acceptable standards and within the time frames stipulated in the SLA/Contract
<b>Satisfactory (S)</b>	The service has been provided at acceptable standards and outside of the timeframes stipulated in the SLA/Contract
<b>Poor (P)</b>	The service has been provided below acceptable standards

Table 03: Assessment of service providers

## 7. CONCLUSION

Year 2019/20 had taken a different direction due to existing COVID 19 pandemic outbreak. Service delivery was affected as most operations were suspended with essential service only in operation. The municipality embrace new technology with continue with some operations.

The focus is now on achieving goals as set out in the IDP and explore available opportunities and AbaQulusi will continue embracing change to achieve its objectives

The participation of the members of the local community in the planning processes and governance Structures of the municipality is an imperative for the success of this Municipality and should serve as motivation to make a difference to the community of AbaQulusi. The municipality commits to addressing challenges and a better performance in 2020/21

## CRITICAL POSITIONS

The administrative structure consists of five departments which report directly to the Municipal Manager, namely, Development Planning &, Corporate Services, Technical Services, Community Service, and Finance. The Head of Department, as indicated below, reports directly to the Municipal Manager. The units established at a lower level that report directly to the Municipal Manager are as follows:

- Internal Audit
- Chief Operations Officer
- Communication & IGR
- Political Offices Bearers Executive Units
- IDP & PMS

The municipality is in compliance with Section 156 of the Constitution of the Republic of South Africa, 1996.

#### 4.2 POLICIES AND PLANS

Policies and plans provide guidance for fair and consistent staff treatment and a consistent approach to the managing of staff.

The table below shows the HR policies and plans that are approved

	NAME OF POLICY	DEVELOPED	REVIEWED	DATE ADOPTED BY COUNCIL
1.	Human Resources Policy Manual		✓	28 May 2020
2.	Employment Equity Plan		✓	28 May 2020
3.	Job Evaluation Policy	✓		30 August 2018

### 4.3 INJURIES, SICKNESS AND SUSPENSIONS

An occupational injury is a personal injury, disease or death resulting from an occupational accident. Compensation claims for such occupational injuries are calculated according to the seriousness of the injury/disease and can be costly to a municipality. Occupational injury will influence the loss of man hours and therefore financial and productivity performance.

No injury can be reported for the reporting period as indicated in the table below

NUMBER AND COST OF INJURIES ON DUTY					
TYPE OF INJURY	INJURY LEAVE TAKEN DAYS	EMPLOYEES USING INJURY LEAVE NO.	PROPORTION EMPLOYEES USING SICK LEAVE %	AVERAGE INJURY LEAVE PER EMPLOYEE	TOTAL ESTIMATED COST
0	0	0	0%	0	0

NUMBER OF SICKNESSES ON DUTY					
Total sick leave	Proportion of sick leave without medical certificate	Employees using sick leave no.	Total employees in post	Average sick leave per employees	
2083	158	258	412	8	

### 4.4 SUSPENSIONS

The table below indicates suspension during 2019/20( 01 July 2019 – 30 June 2020)

NUMBER AND PERIOD SUSPENSIONS					
POSITION/ EMPLOYEE NO.	NATURE OF ALLEGED MISCONDUCT	DATE OF SUSPENSIONS	DETAILS OF DISCIPLINARY ACTION TAKEN	FINALISED/ NOT FINALISED	DATE FINALISED
S021901	fraud	13/02/2020	Precautionary Suspension	finalised	09/09/2020
S021714		04/07/2019	Precautionary suspension	finalised	

## COMPONENT C: CAPACITATING THE MUNICIPAL WORKFORCE

### 4.5 SKILLS DEVELOPMENT AND TRAINING

#### INTRODUCTION

Human Resources Development is a division of the municipality, which is charged with the responsibility of ensuring that both employees and prospective employees are properly capacitated to meet the mandate of the Local Municipality.

Again, HRD is a melting pot of ideas and sharpening of strategies of all employees by increasing their capacity to meet challenges and to develop macro perspectives while thinking strategically beyond the confines of their immediate line functions. It is through training and capacity development where employees are able to match their skill levels in synchrony with the Integrated Development Plan which has been, and will continue being, a primary guiding document of this municipality.

#### TRAINING OF COUNCILLORS

	TITTLE OF TRAINING	TRAINING DATE	NO. OF COUNCILLORS TRAINED
1.	Handling over of tablets and Basic Training	27 September 2019	44
2.	MPAC Workshop: COGTA	28 October 2019	44

#### 4.6 PERFORMANCE REWARDS

The Annual Performance for Senior has not been undertaken yet for 2018/19 and staff below Senior Management is not yet evaluated on performance therefore no performance rewards paid to staff

## COMPONENT D: MANAGING THE WORKFORCE EXPENDITURE

### 4.7 EMPLOYEE EXPENDITURE

Section 66 of the MSA states that the accounting officer of a municipality must report to the Council on all expenditure incurred by the municipality on staff salaries, wages, allowances and benefits. This is in line with the requirements of the Public Service Regulations, (2002), as well as National Treasury Budget and Reporting Regulations SA22 and SA23.

Below is employee expenditure for the reporting period

EMPLOYEE EXPENDITURE 2017/18 – 2019/20			
PERIOD	BUDGET	ACTUAL	% PERCENTAGE
2017/18	131 628 000	157 190 884	29%
2018/19	158 768 000	142 525 952	24%
2019/20	155 378 000	150 344 418	25%

## **COMPONENT I: CORPORATE POLICY OFFICES AND OTHER SERVICES**

### **INFORMATION TECHNOLOGY (IT)**

Additional controls were implemented as per the IT Policy as well as mitigating procedures and security procedures were implemented in order to prevent security breaches. A number of weaknesses were identified and attended to and management is encouraged to ensure that these processes/procedures are enforced for the safety of the municipal IT infrastructure. It is further recommended that the municipality should consider setting up a robust IT Steering Committee. IT controls, policies and procedures should be supported and enforced by management to ensure security of the IT infrastructure and the information stored.

It is furthermore recommended that management ensures not only staff but management attends cyber security and IT policy workshops to get a clear understanding of the severe risks they put themselves and the municipality in when making decisions that override cyber security procedures and protocols as this can in turn be a severe risk by the municipality management and could cause loss of information or data.

It is also further advised that all systems using Wi-Fi are secured and not publicly available as this presents a severe risk to the infrastructure and its internal functions and that IT staff should be supported and engaged to generate solutions to problems and that IT staff should engage management of risks beyond their control and therefore make decisions that would lower the risks and not increase the risks. As it is important for management to understand the risks, because solutions are based on the risks. It is noted that IT is also in need of staff to bolster and cope with the work, and therefore recommended that IT staff are employed as per the organogram.

### **GENERAL ADMINISTRATION**

This section normally comprises of General Administration Section and Council Support, it is actually responsible for the entire general administration of the whole Municipality including providing secretarial services to Council and all Committees, it is comprehend the cleaning function, building maintenance and also renders a comprehensive registry function on behalf of the whole Municipality.

In all functional areas as mentioned there is Council Support division which is the most challenging division and a heartbeat of every municipality prospect;

## DESCRIPTION OF ACTIVITY

The services provided by the sub-directorate are as follows:

- General Administration
- Secretariat

## HIGHLIGHTS

Highlights are indicated below

HIGHLIGHTS	DESCRIPTION
functional registry	functional registry has been installed in the Human Resources Department as required by the KZN Archives and Records Services Act and its regulations.

## CHALLENGES

Challenges are indicated in the table below

CHALLENGE	ACTION TO BE TAKEN
inadequate office accommodation	Source funding to build new offices
The budget for facilities management is insufficient to address the needs identified as far as maintenance of buildings is concerned.	Prioritisation to be considered to maintain buildings and facilities

## COUNCIL SUPPORT

The Municipality is comprised of 44 elected Councillors representing 22 wards. From the 44 seats the Inkatha Freedom Party 18 seats Democratic Alliance three (3) seats Economic Freedom Fighters one (1) seat and the African National Congress (ANC) they have got 22 seats.

Basically, the Municipal Council operates as a Collective System with a Mayor and Executive Committee appointed by Council. The members of the Executive Committee are constitutional delegated as full time Councillors. There are other Municipal Committee which are legitimately established in terms of Section 79 of the Municipal Structures Act 117 of 1998, Council is assisted by portfolio committees to perform or exercise any duties or tasks as delegated by Council.

- Corporate Services

- Community Services
- Technical Services
- Finance
- Development Planning

Apart from Portfolio Committees Council after elections, further established in terms of legislative prescripts the following committees:

- Local Labour Forum
- Municipal Public Accounts Committee (MPAC)
- Training Committee

Portfolio Committees Members are indicated under chapter 2 and were appointed in September 2016, they meet every month as per schedule approved by Council. If a special need arises, the chairperson calls for a special meeting to be convened.

## CHAPTER 5 – FINANCIAL PERFORMANCE

### COMPONENT A: STATEMENT OF FINANCIAL PERFORMANCE

This chapter provides details regarding the financial performance of the Municipality for the 2019/20 financial year. The application of sound financial management principles for the compilation of the Municipality's financial plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities.

The Municipality's service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate funds were transferred from low- to high priority programmes so as to maintain sound financial stewardship.

The budget for the 2019/20 MTREF period was based on the realisation that no, or limited, scope for additional externally- or internally-funded revenue growth existed and was further reiterated in National Treasury guidelines (circular 51) - *"...over the next few years, government must deliver more services – and deliver them more efficiently – within a tight resource envelope. Achieving this objective requires a new way of working: the budget has been reprioritised so that money is moved from low-priority programmes to high-priority programmes. Municipalities are encouraged to adopt similar stances on these issues. This is particularly important in the run-up to the local government elections. Mayors and Councils need to remain focused on the effective delivery of core municipal services...."*

The budget was compiled by ensuring that the financial management processes are transparent, aligned to the accountability cycle and facilitate good governance that is accountable to the local community. The budget supports the provision of basic services to the communities, facilitating social and economic development, promoting a safe and healthy environment in a sustainable manner. The main challenges experienced during the compilation of the 2019/20 MTREF can be summarised as follows:

- The ongoing difficulties in the local economy
- Ageing water, roads and electricity infrastructure
- The need to prioritise projects and expenditure within the existing resources available.
- The increased cost of bulk electricity due to tariff increases from ESKOM. This is placing pressure on the budget as the tariff the municipality has been allowed to charge is less than the bulk cost meaning there are less funds available for maintenance.

## 5.1 INTRODUCTION TO FINANCIAL STATEMENTS

The Financial Services Department experienced a very difficult period during the year under review. There is still a lack of Human Resources. The employment of staff has continued to be problematic during this period, with the Finance Department really under pressure due to a critical shortage of staff.

## 5.2 GRANTS PERFORMANCE

There was an amount of R33,1 million spent on fixed assets incurred to date which was mainly funded from Municipal Infrastructure Grant (MIG) and Department of Energy (DOE) grant funding. This represents under spending when compared to budget.

## 5.3 ASSET MANAGEMENT

An amount of R6,5 million which equates to 1,1% of the expenditure budget was spent on repairs and maintenance of municipal assets

## 5.4 FINANCIAL RATIOS

### RATIO ANALYSIS

The following ratios were considered:

#### Asset test ratio

Financial year	Current assets	Current liabilities	Acid test ratio
2017/18	135,455,695	153,571,424	0.88
2018/19	172,695,971	154,579,669	1.12
2019/20	208,373,807	157,126,075	1.33

The Assets ratio is calculated as a municipality's current assets minus inventory divided by current liabilities. The accepted Acid test ratio is considered to be 1:1

#### CURRENT ASSETS RATIO

Financial year	Current assets	Current liabilities	Current assets ratio
2019/20	208,373,807	157,126,075	1.33

## COMPONENT B: SPENDING AGAINST CAPITAL BUDGET

## 5.5 SOURCES OF FINANCE

### Anticipated Revenue

The municipality expects to receive the following grants in the year 2019/20 financial year.

<b>Grant</b>	<b>Amount</b>	
	<b>2018/19</b>	<b>2019/20</b>
Equitable Share	R 145 195 000	R 148 281 000
Municipal Infrastructure Grant	R 37 135 000	R 42 259 850
Financial Management Grant	R 2 235 000	R 2 235 000
Electrification Grant	R 9 600 000	R 18749 000

## 5.6 CASHFLOW

The cashflow of the municipality decreased from R17,8 million at the beginning of the financial year to R16,5 million by 30 June 2020

## 5.7 MUNICIPAL INVESTMENT

The municipality holds a portfolio of investments to the value of R 1,8 million, as well as a positive bank balance of R 14,6 million. Consumer deposits of R 15,3 million which should be funded from investments and the current bank account.

## 5.8 GRAP COMPLIANCE

The Annual Financial Statements for 2019/20 were prepared in the GRAP format and submitted to the Auditor-General on the 31<sup>st</sup> of October 2020. The municipality was audited and the audit outcome is pending
