**TO** : **COUNCIL**  
**SUBJECT** : **IN-YEAR FINANCIAL REPORT FOR THE FIRST QUARTER FOR THE PERIOD ENDING 30 SEPTEMBER 2012**

### **1. PURPOSE**

The purpose of this report is to comply with Section 71 of the MFMA and the requirements as promulgated in the Government Gazette No 32141 of 17 April 2009, by the provision of a statement to the Mayor and EXCO containing certain financial particulars to achieve MFMA compliance.

### **2. DELIBERATION/BACKGROUND**

Strategic Objective: "To ensure good governance, financial viability and optimal institutional transformation with capacity to execute its mandate."

Section 52 (d) and 71 of the MFMA and in terms of Section 28 of the Government Notice 32141 dated 17 April 2009, regarding the "Local Government: Municipal Financial Management Act 2003 Municipal Budget and Reporting Regulations" necessitates that specific financial particulars be reported on and in the format prescribed, hence this report to meet legislative compliance.

"The Mayor of a municipality-

52(d) must, **within 30 days of the end of each quarter**, submit a report to council on the implementation of the budget and the financial state of the municipality,"

“71(1) The Accounting Officer of a municipality must by no later than **10 working days after the end of each month** submit to the Mayor of the municipality, and the relevant National & Provincial Treasury, a statement in the prescribed format on the state of the municipality’s budget reflecting the following particulars for that month and for the financial year up to the end of that month....”.

“28. the monthly budget statement of a municipality must be in the format specified in Schedule C and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Act”.

For the reporting period ending 30 September 2012, the thirty working day reporting limit expired on **30 October 2012**.

Further, Section 31(1) of the Government Gazette No 32141 of 17 April 2009 prescribes the following:

“31.(1) The mayor’s quarterly report on the implementation of the budget and financial state of affairs of the municipality as required by section 52(d) of the Act must be –

- a) In the format specified in Schedule C and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(10 of the Act; and
- b) Consistent with the monthly budget statement for September, December, March and June as applicable; and
- c) **Submitted to the National Treasury and the relevant Provincial Treasury within five days of tabling of the report in the council.”**

### **Executive Summary**

This is a financial status report which includes accruals and appropriations, which will impact on the operating revenue and expenditure ‘actual’s for the 2012/2013 financial year.

The Statement of Financial Performance shown in Annexure A, Table C4, is prepared on a similar basis to the prescribed budget format, detailing revenue by source type and expenditure by input type. The summary report indicates the following:

### **Summary Statement of Financial Performance**

Description	Sept YTD Budget R'000	Sept YTD Actual R'000	Variance Fav (Unfav) R'000
Total Revenue by Source	-91,677	-95,159	3,483
Total Operating Expenditure	91,661	83,229	8,433
<b>(SURPLUS)/DEFICIT</b>	<b>-0,015</b>	<b>-11,931</b>	<b>11,916</b>

The major operating revenue variances against budget are:

- Property rates – R 27,000 less than budget
- Service charges – R 1,839,000 less than budget. The reasons for this variance is due to the drop in electricity sales due to the illegal electricity connections and non-payment in certain areas.
- Government Grants and subsidies – Operating – 1<sup>st</sup> tranche of Equitable Share was received in July 2012, the Finance Management Grant, Library Grant and MSIG were received in August 2012.
- Government Grants and subsidies – Capital – the 1<sup>st</sup> tranche of MIG funding was received during July, R400,000 was received in August for the Expanded Public Works Program and R2,000,000 from DoE for electrification.
- Other Income – R 7,564,000 less than budget.

The operating expenditure variance variances against budget are:

- Employee costs – R 5,532,000 less than budget. This is mainly due to Councillors and Section 57 Managers having not yet received their annual increase as well as Bonus payments which are only due in November and vacancies that have not yet been filled. It must further be noted and with great concern that **overtime costs are causing a problem in this financial year as in the past with expenditure for the quarter of R2,185,401 and projected for the year to overspend by R4,4 million. A schedule of overtime per employee is attached.** Another reason for the under spending is due to the provision that was made for the filling of vacant posts.
- Repairs and Maintenance – R1, 578,779 less than budget.
- Bulk purchases – The 2<sup>nd</sup> account paid to ESKOM is the August account and is the 2<sup>nd</sup> of the 3 high accounts the municipality is billed for and the total paid to ESKOM to date is R 29 million.
- General expenses – S&T for the quarter till September is R317,542. The municipality is still within budget and most sections conferences will be taking place during the 2<sup>nd</sup> quarter and spending will increase.

The Capital expenditure report shown in Table C5 has been prepared on the basis of the format required by National Treasury's electronic format and is categorised into major output "type". The summary report indicates the following:

#### Summary statement of Capital Expenditure

Description	Sept YTD Budget R'000	Sept YTD Actual R'000	Variance Fav (Unfav) R'000
Total Capital Expenditure	9,766	3,451	6,315
Total Capital Financing	9,766	11,030	1,264

The major variance of year-to-date capital expenditure, compared to departmental Service Delivery Budget Implementation Plans (SDBIP) targets for the municipal vote as indicated in Annexure A, Table 5 are:

- Electricity Reticulation
- Roads, Pavements, Bridges & Stormwater
- Housing
- Thusong Centre

A list of capital projects and reasons for low level of spending is attached from Technical services.

Cognisance should also be taken of the fact that during this financial year of 2012/2013, AbaQulusi Municipality faces the challenge of 'cash flow'. With the decline in the level of payment by consumers as well as excessive expenditure on overtime, catering as well as subsistence and travelling a decrease in cash inflow has resulted. To ensure that AbaQulusi Municipality continues to deliver on its core mandate, stricter controls by all departments will have to be implemented.

As this is only the 3<sup>rd</sup> month of the 2012/2013 financial year, initial projections have been conservative as it is too early to notice any particular trends in respect of income and expenditure.

### **Staff Expenditure Report**

The Staff Expenditure Report is submitted in terms of Section 66 of the MFMA, which states that the Accounting Officer of a Municipality must, in a format and for periods as may be prescribed, report to the Council on all expenditure incurred by the municipality on staff salaries, allowances and benefits, and in a manner that discloses such expenditure per type of expenditure, namely-

- a) Salaries
- b) Contributions for pensions and medical aid
- c) Travel, accommodation, subsistence and other allowances
- d) Housing benefits and allowances
- e) Overtime payments and
- f) Any other type of benefit or allowance related to staff
