EXECUTIVE SUMMARY FOR FINANCE DEPARTMENT

FEBRUARY 2014

INTRODUCTION

The Financial Services Department experienced a very difficult period during the month under review. There is still a lack of Human Resources. The employment of staff has continued to be problematic during this month, with the Finance Department really under pressure due to a critical shortage of staff.

REVENUE

Revenue in total decreased in the year to date compared to the budget by R15, 1 million which represents a 6% decrease. Rates are slightly higher by 1% compared to budget. Revenue from service charges is also slightly higher than budget at 1%. Government grants and subsidies are lower by R16 million which represents 18% compared to budget; this is due to the 3rd tranche of equitable share which will only be received during March, all other grant funding has been received.

An audit of meters commenced in May 2013 this should indicate areas where the municipality should focus in strengthening controls to reduce illegal connections and electricity theft. This is an area that should see a significant increase in the service charge revenue.

EXPENDITURE

Expenditure overall is lower than budget by 22% compared to the budget, this is mainly due to savings in grant expenditure and depreciation costs. This saving this being hampered by the overtime cost, due to vacancies that exist within the technical divisions and the high cost of bulk purchases from ESKOM.

As municipalities are a third tier of government and therefore closest to the communities, they are looked upon as the source of job creation, providers of housing, and service such as health, education, sport and recreation, agriculture, arts and culture as well as security. This places severe strain on the limited budget resources to provide services to the people to ensure their social and economic wellbeing is sustained. The municipality has concentrated on its core function which is to provide services such as water, electricity, sanitation and solid waste removal and to provide a service to all municipal departments. However, the provision of housing is also uppermost on the service delivery agenda.

CAPITAL EXPENDITURE AND FINANCING

Expenditure on fixed assets incurred to date amounts to R29, 4 million which was mainly funded from Municipal Infrastructure Grant (MIG) and Department of Energy (DOE) grant funding. This represents a 65, 4% spending rate compared to budget. This rate should improve significantly on the coming months as the capital expenditure for MIG is in the procurement process.

All MIG and DOE funds left over at 30 June 2013 have been retained by the municipality as we were able to justify to National Treasury, that the funds were already committed. The equitable share was reduced by R 2.4 million due to under spending on MIG.

EXTERNAL LOANS, INVESTMENTS AND CASH

The municipality holds a portfolio of investments to the value of R 75, 4 million, which includes consumer deposits of R 12.8 million well as a positive bank balance of R 21, 7 million.

DEBTORS

Debtors' balances have increased which poses a challenge on the municipality's collection rate which is sitting at 87, 63%. However, with the downturn in the economy it is doubtful whether this rate will improve as forecasted. The outstanding debts have not reduced as expected. A process is in place to address this matter. Most of the consumers in Abaqulusi are Indigent with no ability to pay for services. This places extreme pressure on the budget and increases the debtors. Certain under developed areas have been identified for investigation of whether they are able to pay for services and whether the municipality is delivering adequate services in those areas. This is a focus area for the finance department and a lot of effort is being directed towards the collection of outstanding debts as well as reducing the debtors.

CREDITORS

All creditors were being paid within 30 days of statement which is a MFMA requirement. A register has been implemented during March 2014 and invoices are recorded in the book and signed by the departments. A date stamp has been ordered and all invoices will be stamped and a new checklist has been implemented.

SUPPLY CHAIN MANAGEMENT

A supply chain management report is attached which details all tenders awarded over R100 k as well as all deviations for the month.

ANNUAL FINANCIAL STATEMENTS

The Annual Financial Statements for 2012/2013 were prepared in the new GRAP format.

FEBRUARY PERFORMANCE REPORT

The February report is also attached, the only outstanding item is the migration of the asset register as we await the audit to be completed so that we can migrate the correct and audited version to Munsoft. The process of the migration started during February and should be finalised by the end of March 2014.

MARCH DEPARTMENTAL PLAN

The March plan has been attached, and details the third quarter activities which include budgeting, working on the adjustment budget and finalizing the audit queries.

CONCLUSION

The financial position of the municipality is still relatively healthy, although the municipality only has sufficient cash flow for 2 months and not the required 3 months. The negative economic challenges are hampering increased growth which would enable the municipality to provide more service delivery projects. More focus will be directed toward revenue enhancing and revenue protection initiatives as well as debtor collection.

Regards

Capital Expenditure report (Table C5)

The Capital expenditure report shown in Table C5 has been prepared on the basis of the format required by National Treasury's electronic format and is categorised into major output "type". The summary report indicates that:

Summary statement of Capital Expenditure

Description	Feb YTD Budget R'000	Feb YTD Actual R'000	Variance Fav(Unfav) R'000
MIG	19 988	16 744	3 244

Own Funding	3 469	530	2 939

The status of year-to-date capital expenditure, compared to departmental Service Delivery Budget Implementation Plans (SDBIP) targets for the key infrastructure items as indicated in Annexure B are:

- Electrification – R 9,000,000
- Municipal Infrastructure – R 29,982,000

Current spending on DOE is more than budget due to additional areas electrified and funding not yet received from DOE as well as additional houses.

The budget for small capital funded from operating this financial year amounts to R 5,204,000.

Cash Flow Statement (CFS) (Table C7)

The CFS for February 2014 indicates that:

- The cash and cash equivalents closing balance as at the end of February 2014 was R 46,662,000 (forty six million, six hundred & sixty two thousand rand)
- Grants and subsidies – no grant funding received during February

Outstanding Debtors report (Support Table SC3)

The Debtors report has been prepared on the basis of the format required by National Treasury electronically. The format provides an extended age analysis, as well as an aged analysis by debtor type. The summary indicates that a total of more

than R 68,739,000 (sixty eight million, seven hundred & thirty nine thousand rand) is greater than 30 days outstanding.

The chart illustrates that there is an on-going collection problem with respect to debtors greater than 120 days. R 56,403,000 (fifty six million, four hundred & three thousand rand) is outstanding in this category.

The Debt Collection section is in the process of reviewing all debts in excess of 120 days to ascertain if these debts are indeed collectable. A report is being submitted by the Manager Income on the status of the debtors and what is of concern is that the collection rate has dropped from 92% in the previous financial year to 87% in this financial year.

Outstanding Creditors Report (Support Table SC4)

The Creditors report has been prepared on the basis of the format required by National Treasury electronically. This format provides an extended aged analysis as well as an aged analysis by creditor type. The summary report indicates that there are no long term outstanding creditors and that the majority of the creditors are Trade Creditors.

The chart illustrates all the Aged Creditors per category.

Investment Portfolio (Supporting Table SC5)

The table and chart indicates the status of the investment portfolio and detail of instruments of where invested for the month was R 75, 4 million. The unspent DoE & MIG grant as well as the Equitable Share has been transferred to Notice Deposits for 30 and 60 days.
